Farmers' Purchases of Machinery Up
Total sales to Canadian farmers of new farm machinery and equipment have been increasing year by year since 1945. In 1947 sales for the first four months of the year were more than three times the dollar value in 1945. Sales of new machinery in 1947 were more than 100 per cent greater than in 1945. It is estimated that the available supply of farm equipment in 1947 will be about 50 per cent greater than in 1945.

Meteors vs. Tigers Game Cancelled

At the last moment it was found necessary to cancel the Meteor-Tiger hockey game advertised for Saturday night this week. The cancellation was due to the fact that Meteor players were unable to obtain tickets in time to play the game as scheduled on Saturday night.

FREE-WEE HOCKEY RESULTS

FLANKS—Last night's results: Meteor-Tiger, 3-2; Rangers, 3-1; Hawks, 3-0; Canucks, 3-0; Stars, 3-0; and the Hawks, 3-0.

NEXT GAME—Hawks vs. Leafs, Saturday night before the next game.

Rangers Trim Leafs

Tom Anderson's Rangers trimmed the Leafs 3-2 in a game that was a real battle. The Leafs were the better team in the first period, but the Rangers came out in the second period and scored twice. The Leafs scored once in the third period, but the Rangers scored twice more.

V.H.S. Loses To Mannville

The Vermilion High school hockey team suffered its second straight loss when Mannville downed them 4-1 here last Saturday night. The Hawks scored twice in the first period, once in the second period, and once in the third period. The Vermilion team scored once in the first period, but they were unable to score in the second or third periods.

Published Every Thursday Afternoon At the Office, 200, Main Street, Vermilion, Alberta, January 27, 1949. E. R. P. COOPER - PUBLISHER

Yeah! There's a Joker At George's!

Anyone who only has a fair memory will recall that the Vermilion Daily Standard was founded in 1900. It has since then become one of the most popular and successful newspapers in the area.

THE WEATHER

High 35, Low 25. Windy. Partly cloudy. A cold wave is moving up the coast from the north. Expecting more snow and colder weather in the next few days.

Minds don't come in a package!

Thousands of boys and girls in Alberta have never been to school. How can the general public and interest of a teacher. They are taught by correspondence and minds don't come in a package. Better than anything you ever got! Of course—but isn't the education of our young people our most important duty as a nation?

THE NEW 1949 PONTIAC is available to Canadian motorists in four series—Chieftain, Streamliner, Pontiac Special and Pontiac Deluxe. Streamliner has the Streamliner body design, which is the Chieftain, is available on 130-horsepower with a six or eight-cylinder motor. The Pontiac Special and Deluxe are both available on 115-horsepower with a six-cylinder engine. Completely redesigned, the 1949 Pontiac offers an entirely new concept of styling beauty. They ride and drive better than any motor car ever offered by the Pontiac Corp. Hydramatic Drive is available as an option on entry and on certain Pontiac models.

Chatworth Chatter

In my place the roads are bare of snow, and very dry for that matter. However, the warm thawing temperatures of the last few days have certainly helped to melt the snow, and a few more days of this weather and the roads would be muddy, not dry. The roads have been so cold though there has been no rain in the last week or so.

Letters to the Editor

This paper does not hold itself responsible for opinions expressed by correspondents.

Editor, Vermilion Standard, Vermilion, Alta.

I feel constrained to write a few lines concerning the letter of E. W. Thompson carried in the Standard of March 10th.

The purpose of my comment in the Feb. 17th issue of the Standard was merely to point out to the correspondence of Chatworth Chatter that an improper comparison could be made between a church and a real room.

A comparison is not proper if it only agrees in one point. We can compare the building, as such, but there is the contrast in the use of the building. It cannot logically be carried any further. A church is not only a building—it is a place of worship, a place of prayer, a place of refuge for the people who go there. A church is not only a building—it is a place of worship, a place of prayer, a place of refuge for the people who go there.

New Seed

... Is The Best

"New seed is the best" is a phrase of words given around 300 B.C. by Theophrastus, a noted agricultural authority in ancient Greece. Theophrastus had noticed that the seed sown in the soil, which corresponded to modern plant breeders, were consistently selecting new strains of seed which greatly improved the yield and quality of field crops.

The moral and lost seed obtained today is recognized seed. The use by any farmer of a few bushels of improved seed will be found to be an investment that will bring him higher yields, higher yields, and so increased income.

Citizen-Soldier

Today, the Reserve Force Soldier carries on in many ways the tradition of the pioneer. He reflects their spirit of building and guarding the land. The pioneer, he is a Citizen-Soldier with a keen sense of duty to the community, recognizing the need to keep Canada growing — to keep Canada strong and at peace.

The co-operation and active support of Canadians from every walk of life is important, for the Reserve Force is a vital part of Canada's defence system.

The new Reserve Force has a lot to offer: Trade and technical training; academic programmes; Active service rates of pay for time spent in training and military duties.

The Reserve Force is a training and military place where you can make new friends.

Labour Leader Urges Red Cross Support

Public or private agency under consideration for the Red Cross is being urged by the Canadian Red Cross Society, President A. B. Hunter, Canadian Labour Council, in a letter to the Red Cross Society's national appeal for funds.

Mr. Hunter, in his letter, states that the Red Cross is continually endeavoring to extend the scope of its broad-based work.

New sources of service are being developed in the light of experience and expanding needs. These responsibilities for the public of the Red Cross are looking forward to the future and planning for it. They are quick to take advantage of new discoveries in the field of medicine and science in order to utilize them as fully as possible.

Mr. Hunter also stressed the financial services given by the Red Cross members throughout the nation, the Red Cross is being urged by the Canadian Labour Council, in a letter to the Red Cross Society's national appeal for funds.

DEATH OF FRANK DAVIES

Funeral services for the late Frank Davies, retired citizen of Vermilion, will be held at 10:30 a.m. on Friday, March 25, at the Vermilion funeral home.

Mr. Davies, who was born in England, came to Canada in 1905 and settled in Vermilion. He was a member of the United Brotherhood of Carpenters and Joiners of America.

"Al Rest"

Municipal Spending gater

But the outlook for municipal work if the approval is granted in late 10 years doubtful.

Top taxpayers are asking an estimated \$10 million to \$15 million to review the report on 1941 in 1942. But municipal debt is used for the second successive year to pay the interest on the bonds. The city is not sure it will be able to make a real estate contribution to be the same.

The city is in the higher level of expense in 1940, over 1941, that analysts say is the highest point. The city is not sure it will be able to make a real estate contribution to be the same.

Always Something New — Even After 51 Years in Business

You there always something new creeping up, even after 51 years in the publishing business. This said the editor of the *Vermilion Standard* as he pondered the fact that he was now 51 years old. He was a little surprised to find that he was not as young as he once was. He was a little surprised to find that he was not as young as he once was. Legion Amateur Program Proves Huge Success

Over 200 paid admission to the Legion Amateur night on Friday April 1st. There were 21 entries divided into four groups in order to make the judging. Even at that the judges had a difficult task as the standard of amateur and professional was the best the writer has heard of any amateur night. Only two numbers were dropped. The entire evening was a success. The entire evening was a success. The entire evening was a success.

For The People of Vermilion and District WE HAVE BEEN ABLE TO SECURE A GOOD SHARE OF FIRE INSURANCE Adjusted Hardware!

from the recent Fire in The Northern Hardware Building in Edmonton, and we plan on offering these to the public, at extremely Low Prices, for . . .

Three Days - Starting April 21st

The stock is very limited and is mostly Household Hardware. Please Note the following: The goods were on the 3rd and basement floors, and the only damage in 95% of the items is water stain or slight smoke. They could be sold at much higher prices. Of necessity, we must request that the following rules apply: No phone or previous orders will be allowed. No Returns or Refunds - Cash Sales Only.

These goods were specially held for the regular retail outlets, and item not to junk promoters. Every article a regular stock item, not "cheap john" lines!

Co-Operative Bursary Plan

LOCAL SCHOOL BOARDS AND GOVERNMENT OFFICES ASSIST TO VERMILION

The Co-Operative Bursary Plan is a plan for the purpose of providing financial aid to students who are unable to pay for their education. The plan is administered by the Vermilion Co-Operative Bursary Plan Committee, which is composed of representatives from the local school boards and the government. The plan is open to all students who are residents of Vermilion and who are unable to pay for their education. The plan provides financial aid in the form of bursaries, which are paid to the students to cover their tuition and other expenses. The plan is a very successful one and has helped many students to complete their education.

"I trust them more than I'd trust myself"

THE BANK'S the place for my money. I always put part of my pay into my bank account—otherwise it burns a hole in my pocket. I guess I trust the bank more than I trust myself. I figure that's one reason why my savings have been building up the way they have.

Another reason I'm sold on a bank account is that I always know just where I stand. All I have to do is take a look at my pass-book. They're a lot better bookkeepers than I am.

What's more, what's in my pass-book is my business, and I can count on the bank people to keep their mouths shut about it. And that suits me just fine!

Going to your bank is not like having to deal with a lawyer—there's no need for that.

SPONSORED BY YOUR BANK

FOR man, he is not so vigorous as he is supposed, for by neglect, and years of suppression, the little seed that he has sown in his mind is allowed to waste away, the difficulty of getting into a state of peace with his mind is greatly increased.

GOING TO THE U.S.A.?

To avoid possible delay and embarrassment at border crossing points, be sure you have met the foreign exchange requirements before you set out. The travel rates of \$150 per person for the period November 6th, 1948, to November 15th, 1949, to ensure the latest distribution of the U.S. funds available for citizens under 11 years of age, the amount is \$100 U.S.

If you are taking a trip to the United States, you need to secure a Form H permit to take out of Canada for an amount exceeding \$10 U.S. or more than a total of \$25 in U.S. and Canadian funds.

Form H can be secured quickly and easily from branches of any Canadian Bank.

CANADA PRODUCES GOLD FOR ALL THE WORLD

Canada, world's second largest producer of gold, exports more than share-four percent of her production to the world supply of this universal medium of international exchange.

Why Segram's sells Canada first

This is an adaptation of one of a series of advertisements which, for the past two years, The House of Segram has published in magazines and newspapers printed in many languages and countries throughout the world. These advertisements feature various Canadian products—lumber, cotton, fur, nickel, apples, plywood and many others.

One out of every three dollars we Canadians earn comes to us as a result of foreign trade. This campaign is designed to help all Canadian industries and, consequently, to help put money in the pockets of every Canadian citizen.

CONTROL THIS MENAGE

with a **NATIONAL FARGO** Wood and Metal SPRAYER

The ideal machine for 2, 4-D or insecticides

A uniquely constructed sprayer, designed to give maximum efficiency at minimum cost.

The boom consists of an aluminum, non-corrosive 32 foot pipe, to carry the chemical, fitted to a well supported, sturdy 2 inch seamless steel tubing for strength and protection.

Uniquely constructed pistons adjust boom action and permit the boom to be folded into the carrying position without uncoupling.

Trailer is wider and shorter which allows greater maneuverability and the elimination of boom whip.

Aluminum tank and constant positive output make this sprayer ideally suited for spraying chemicals or insecticides for grasshopper control as well as 2,4-D weed control.

Equipped with the new "Turbo Motor" for complete trouble-free spraying.

Be sure to protect your dealer's investment in your best chemical sprayer.

How to use National chemicals

National Grain handles a complete line of chemicals for all seed and crop purposes including the popular 2,4-D, NATIONAL AMIDE, 80%, and NATIONAL STER 7-4F.

For complete information on how and when to use 2,4-D ask for your copy of the 1948 "Handbook on Chemical Weed Control" featuring a quick checklist to determine the required amount of chemical. It also includes a section on Grasshopper Control.

The amount of work that has gone into the minting of medals, campaign stars, clasps and oak leaves—the eagerly awaited service decorations of hundreds of thousands of Canadian men and women—is revealed in the figures released recently at Ottawa.

As almost every man enlisted for active service is entitled to the War Medal, some 1,400,000 have been ordered. For these medals there is a waiting list of the Canadian Forces Service Medal of which 800,000 medals and 11,000 clasps—designed

North Star Over Town

RAA-YOTA — A new and vital link in Canada's transport system was forged here when Trans-Canada Air Lines began its new North Star schedule through here. To celebrate the occasion, a group of local dignitaries and the press gathered at the station to see the new plane off. The plane was escorted by the local band and the crowd was very large. The plane was a new Lockheed Constellation and was very modern. The flight was very successful and the plane was very comfortable. The flight was very successful and the plane was very comfortable.

Hold Happy Mother and Daughter Banquet

A very happy occasion was the banquet given by the Epworth group at the home of their mother, Mrs. J. H. Fallow, on Friday evening, May 11. The tables were arranged in a U-shape with each table having a centerpiece of flowers.

Mr. Laga, one of the leaders of the group, welcomed the mothers and daughters to the banquet.

The group consisted of the mothers and daughters of the Epworth group. The group consisted of the mothers and daughters of the Epworth group.

A Farm Storage Tank Doesn't "Cost" IT PAYS!

A farm storage tank provides you with more and more fuel at cost than you can get by buying on hand when you need it. It costs only a few dollars to install, and it pays for itself in the long run.

It helps to keep fuel clean and avoid plugging of fuel lines and carburetors with dirt, dust or water. The tank can be mounted with various types of fuel lines, and it can be used for a variety of purposes.

Kathleen Phillips

Becomes Bride of

Andrew O'Neill

CEREMONY AT SACRED HEART CHURCH, EDMONTON.

The Sacred Heart church, Edmonton, was the scene of a pretty wedding on May 17th at 11 a.m. when Kathleen Phillips, daughter of Mr. and Mrs. James Phillips, of Vermilion, was united in matrimony to Andrew O'Neill, son of Mr. and Mrs. T. O'Neill, of Edmonton. Rev. P. T. Conway officiated.

The bride arrived at the church on the arm of her brother, who was accompanied by a sister, and a bridesmaid, a sister of the bride, and a groom's sister.

The bride wore a gown of white tulle, with a long train, and a veil. The groom wore a tuxedo. The ceremony was held in the church.

The bride and groom were accompanied by their families. The reception was held at the home of the bride's parents.

Wedding of Wide Interest Takes Place at Mannville

Before the flower bedecked altar of St. Joseph's Catholic church, Mannville, on Tuesday, June 14, 1949, the wedding of Miss Margaret McLaughlin, daughter of Mr. and Mrs. John McLaughlin, and Mr. Edward John (Eddie) McLaughlin, only son of Mr. and Mrs. Jack McLaughlin, all of Mannville, took place.

A group of white satin was chosen for the bride, who was given in marriage by her father. The first kiss was given in a kiss, while the bride and groom stood before the altar. The bride wore a white tulle gown with a beaded corsage and white gloves. The groom wore a tuxedo with a white shirt and a white bow tie.

The ceremony was officiated by Rev. Father McLaughlin, who read the opening prayer. The bride and groom were then pronounced man and wife. The ceremony was followed by a reception at the home of the bride's parents.

The bride's mother, Mrs. John McLaughlin, gave her daughter away. The bride's father, Mr. John McLaughlin, gave her away. The bride's mother, Mrs. John McLaughlin, gave her daughter away. The bride's father, Mr. John McLaughlin, gave her away.

YOUR FUTURE ... AND CANADA'S

Conditions have been good the last few years. More people are working than ever before — making money, spending more, saving more.

Isn't that what you want? After all, you have a family to think about ... and you are planning for their future ...

The Liberals are planning and working for your family's future too.

Here are some of the things the Liberals are doing:

- Family allowances are increased. Already a billion dollars has been invested in Canada's children. Millions of boys and girls are better clothed, fed and housed — have a better chance for an education and a real start in life — because of this Liberal measure. It has brought new security and well-being to countless Canadian homes.
- Old Age Pensions and grants for the blind have been increased by the Liberal government. But it isn't stopping there. It is a national-wide plan of contributions to the welfare of the elderly. The Liberal government is ready to help solve the low-cost housing problem and has offered its cooperation to previous administrations.
- Now, there is the Liberal health program. Already federal grants are helping the provinces to increase their health services. But the Liberal plan is a national-wide contributory health insurance plan which will end, for everyone, the tragedy of inadequate health care and the financial strain of lengthy illness.

There are all part of the Liberal program of social betterment — a program to advance a national standard of peace and security and human welfare which ensures the greatest possible measure of well-being to all Canadians.

Mannville Boy Proves Outstanding Musician

ROBIN STUART SELECTED FOR CONSERVATORY SCHOLARSHIP

The Vermilion Standard has been surprised this week when the news came that Robin Stuart, 17 year old high school student has been named for a scholarship through the Mannville Conservatory of Music.

The Mannville Conservatory of Music is a well known institution in the province. It was founded in 1911 and has since that time been a center for musical education in the province.

Robin Stuart is a native of Mannville. He has been studying music since he was a child and has shown a great deal of talent in the field.

He has been a member of the Mannville Conservatory of Music for several years and has taken many lessons from the teachers there.

His talent has been recognized by the Mannville Conservatory of Music and he has been named for a scholarship to the conservatory.

This scholarship will enable him to continue his musical education at the conservatory and to receive a degree in music.

It is a great honor for Robin Stuart to be named for this scholarship and it is a reflection of his talent and hard work.

We wish him every success in his musical career and hope that he will continue to bring credit to his school and community.

His friends and family are proud of his achievement and are sure that he will make a great musician.

We are sure that he will continue to bring credit to his school and community and that he will make a great musician.

IN APPRECIATION To the Electors of Battle River Riding

May I take this rare opportunity of expressing my thanks to the electors of Battle River for their wonderful support at the polls on Monday last. A special "Thank You" is extended to the many workers who gave so generously of their time and energy in the cause of the Liberal Party. I am sure that the electors will be pleased to hear that I have again been elected to the House of Commons.

FIRE HAZARD

V. S. A. July 15th

The W.I. met at the home of Mr. Wm. Bell on July 13. In addition to the regular members 3 visitors were present.

We who have tried the borderlands of death,
Where courage high walks, hand in hand with fear,
As high as 17 per acre is paid for

The following was indicated for last night's show:

held Friday July 16th at the V.C. commencing at 9:30 am.

The next meeting of the Vermilion branch of the W.C. will be held at the V.C. commencing at 9:30 am.

We who administered death shall all be here.

There has been made recently in the agricultural world a new chemical similar to 2,4-D but has been discovered. This chemical will kill much grass as well as weeds. No.

GARDEN INSECTS

Before the beet can eat the sprouts and the worms eat the cabbage leaves, it is to use the D.T.T. It is now too late to get the same worms and the plant

EVERYBODY'S BUSINESS

by *Don Graham*

It is an amazing tendency to blame everything and everybody for our own business failures. It is a habit of mind which is not only unproductive but also unbecomingly self-centered. It is a habit of mind which is not only unproductive but also unbecomingly self-centered. It is a habit of mind which is not only unproductive but also unbecomingly self-centered.

Admiral Ashberg, Alexandra M.L.A. Reports on Special Session

Alexandra M.L.A. is V.H.S. Graduate

During the four-day special session of the Alberta Legislature, Mrs. Ashberg was placed on the Alberta bench when she presented the position of the Provincial Government in relation to the development of oil and gas resources. These days, which were spent in the capital city of Edmonton, were not only a period of intense study but also a period of intense work. Mrs. Ashberg's report was one of the most important of the session.

Most men who have been successful in business are not only successful in business but also in life. They are not only successful in business but also in life. They are not only successful in business but also in life.

Columbia Theatre

THIS WEEK-END

WED-WED
A stirring outdoor play of great sweep and magnitude. Told in a human story. One of the greatest Westerns ever staged. This has proved to be the most popular play in the history of the theatre.
FAMILY ENTERTAINMENT

SHOWS: Friday 2:30-4:45, Saturday 2:30-4:45

Monday and Tuesday, August 1st and 2nd

Humphrey Bogart, Loretta Young, and Edward G. Robinson

"KEY LARGO" (ADULT)

A melodrama with action of every kind. Data a tale operated by a criminal and his daughter through a mysterious gangster.
It would be better to expect that to waste by looking in films as in "Terror Valley".

THE CANADIAN ARMY — "INSURANCE FOR PEACE"

In towns and cities across the country, Canada's Citizen-Soldier is enthusiastically engaged in an all-important job. The spare evenings he devotes to training help to ensure the well-being of Canada, because the Reserve Force forms an important part of this country's defense forces.

The new Reserve Force offers many personal advantages: trade and technical training; Active Service rates of pay for time spent in training and summer camps; a full programme of sports and social events for men who get a kick out of working together.

Visit the Regional or company of your choice to complete details. You can help yourself by Canada by joining the Reserve Force.

13 Ways Not to Burn Your Home

1. Don't lethe to the cleaners or new carpeting cleaning fluids.
2. Burn kerosene in the kerosene stoves, or keep them in covered metal cans.
3. Have your smoke BEFORE you go to bed.
4. When possible, use fire resistant roof covering.
5. Keep children away from open fires.
6. Replace frayed electric cords, and repair defective electrical equipment.
7. Keep a screen in front of your fireplace, and watch the fire.
8. Use only wood for fires, and not rubbish.
9. Use proper and kindling—save money.
10. An approved fire extinguisher will provide a "touch-off" blow for small fires.
11. Keep stove burners and connections in good repair.
12. Keep portable stove clean and set them well away from combustible material.
13. Burn rubbish only in a tubular furnace.

Master Farm Family Awards Announced

First Annual Master Farm Family awards were announced last week and by Mrs. David C. Roberts, Minister of Agriculture. They are:

Joseph Thompson Family, Winton J. Mear Family, Isabel, Laurence R. Brown Family, Margaret, Jacob F. McLeod Family, Winton, James P. McGuire Family, Doreen, Lillian, and the family of the same name for the term retirement. The award was presented to the winners by the Minister of Agriculture, who through their splendid record in their communities, have earned the respect of their neighbors and brought distinction and dignity to their names.

The Minister said that over 100 families were nominated. Each of these showed that they possessed, in addition to their own family, a sense of duty to the community, through their splendid record in their communities, have earned the respect of their neighbors and brought distinction and dignity to their names.

The Boston Cafe

...well practically unanimous

You can still find people who "don't believe in banks" . . . who keep their cash in old coffee pots, or hide it in the woodpile, or carry it around.

But most folk nowadays keep their money in bank accounts. They can get it whenever they want it; and they can pay their bills by cheque. Canadians have more than seven million such deposit accounts.

In terms of Canada's adult population, that makes it practically unanimous.

The banks, in turn, know they must earn this confidence by giving you the best service they know how.

Today you can take your account to any bank you choose. And what is in your bank book is strictly between you and your bank. It is your own private business.

"...most folk nowadays keep their money in bank accounts."

Announcing Our Introductory SALE!

In order to become better acquainted with the people of Vermilion and District, we take pleasure in announcing our **Introductory Sale**, just at a time when we think that such an event will be welcomed by the general public.

We want the people to know that in taking over this store from E. Katz & Son, we are establishing ourselves in Vermilion, that we are here to give good values and lasting service.

Since taking over we have purchased a large stock of every line of merchandise from good reputable manufacturers, and this sale is to prove to you that we are carrying an assorted stock of good quality, and that our prices are very fair.

We have made some drastic cuts in prices and we want you to take advantage of this Introductory Sale to procure your needs.

REMEMBER: . . . THIS IS NOT A CLEANUP SALE! PRICE OF MERCHANDISE IS HOLDING FIRM AND WE ARE ADVISED BY OUR SUPPLY HOUSES THAT GOODS ARE STILL ADVANCING IN PRICE.

WE WANT TO KNOW THE PEOPLE OF VERMILION & DISTRICT . . . SO COME IN AND VISIT OUR SALE! WE HOPE THAT THIS WILL BE A FRIENDLY MEANS OF BECOMING BETTER ACQUAINTED.

YOU HAVE RECEIVED OUR SALE BILL, AND THESE ARE EXPLANATORY.

Vermilion Family Have Narrow Escape
Mr. and Mrs. Frank Plante and their family had a very narrow escape from a fire which broke out in the kitchen of their home at 11:30 p.m. on Monday night. The fire was caused by a gas stove which had been left on and had become overheated. The family was awakened by the fire and managed to escape with only minor injuries.

Sixteen Years Ago Today

Dec. 16, 1933 The Little Theatre first presented "Picnic" in a packed theatre. The play was being put on by H. C. Oakley by the Standard as he had rounded out 16 years service as town clerk.

Thirty-two Years Ago Today -

Dec. 16, 1917 The town council voted \$250 to build a hall to the west of the town. A real cold snap is being reported.

Paradise Valley

Mr. J. Treadwell and Mr. Karl Treadwell attended the P.T.A. convention at Calgary last week. They were official delegates from the Paradise Valley P.T.A.

Corps training in the favorite sport around this part of the country, we are told, is a great success. The boys are being taught to be a lot of fun.

We are told that the skating rink is now ready for at least the kids to skate on and that the rink will be open for skating in the afternoon.

Mr. and Mrs. Albert McDonald were visitors in Lacombe during the week.

We report to report the death of the young child of Mr. and Mrs. McDonald, who passed away on Wednesday, Dec. 13th. The funeral was held at Vermilion on Friday, Dec. 15th. Our sympathy to the surviving parents.

A very pleasant birthday party was given on Wednesday evening in the United Church by Mrs. M. McDonald, a birthday party for her daughter, a lovely little girl, who is now a member of the church.

LADY CURLERS ORGANIZE The P.V. Ladies Curling club held their annual meeting on Tuesday evening.

WILDMERE WINKS

Old Man Winkler settled on his retirement on Saturday and left his home about a few cold days. After our long open fall however, we cannot claim about a few cold days.

Winkler, 71, held his retirement party at the home of Mrs. L. Winkler with 12 guests and a full table. He was a member of the Vermilion Golf and Country Club and a member of the Vermilion Lions Club.

He was born in 1878 in the town of Winkler, Manitoba, and came to Canada in 1904. He has been a resident of Vermilion for the past 45 years.

He is survived by his wife, Mrs. L. Winkler, and two daughters, Mrs. M. Winkler and Mrs. J. Winkler.

Quiet Meeting, Board of Trade

Last Wednesday's session of the Board of Trade was more along the lines of a quiet meeting than the busy sessions of the past. The president, A. M. Mitchell, presided over the meeting which was held in the hall and there were 20 members present.

The first item on the agenda was the report of the treasurer, J. H. Mitchell, who reported a balance of \$100.00. The report was accepted by the board.

The next item was the report of the secretary, J. H. Mitchell, who reported a balance of \$100.00. The report was accepted by the board.

TURN BACK VEGREVILLE 6-2

Victory of three starts on Wednesday evening when they turned back Vagabonds Rangers 4 goals to 2. The team showed improvement over their performance of last Saturday night and have all the earmarks of developing into a real league contender.

Krechuk from Gomline opened the scoring but before the period ended Bob Howe scored for Sam Moldan's pass. Period ending 1-1.

Tigers added 2 in the second. Howe scored for the Rangers on Williams with no reply from the visitors.

Moldan added two in the third, one on an assist from Williams, and Krechuk scored for the Rangers on Olshuk's pass.

Stan Wadenberger and Mike Ponsky headed the game, right halfbacks being knocked out, 6 to Rangers and 2 to Tigers.

Sixteen Years Ago Today

Dec. 22, 1933
The past week has been an unusually red and stormy one with the thermometer hovering around the zero mark. The weather has been very peculiar all the time. One can hardly say it has been defined by high winds.

Thirty-two Years Ago Today

Dec. 19, 1917
Rev. H. A. Edwards, minister of the Presbyterian church, died at his home in Vermilion, Alta. He was 72 years old. He was a native of Scotland and had been in the ministry for 32 years.

Active and Successful Year Reported by Wildmere W. I.

Investing in the P.V. club has been going on since for the last few years with the result that the skating rink has been built in time for the season. It is a fine skating rink and a week and cutting back on the skating rink has been a great success. The rink was built on a site that was once a golf course and the rink is a great success.

The new equipment purchased by the skating association this year has made the rink considerably easier. Certainly the rink is a great success and the rink is a great success.

There are two things of note in the skating rink this season, and to date the rink has been a great success. The rink is a great success and the rink is a great success.

We spent Tuesday evening at the home of Dorothy F. Fisher, Delineator, at the annual Christmas party. The evening was a most delightful occasion with the festive Christmas decorations and cards. Her song name of the more popular song and even taught to the time in two parts. Dorothy and her mother then served a very delicious lunch.

The checking and cleanup began late in the evening. Dorothy and her mother then served a very delicious lunch.

Remember we are at the hall at 2 o'clock Monday to donate for the cause.

Monday will be our last gathering until Tuesday, Jan. 10, 1950.

ETHELWYN NEWS

Mrs. Ethelwyn M. Carlson and Mr. Henry Carlson gave the business at a church held in the hall in honor of the newlyweds. Mr. and Mrs. Mary Macdonald. The evening was spent playing games and dancing. The ladies then served a delicious lunch. The young couple received many lovely and useful gifts. A dance was held in the Ry school. Friday is all of the Christmas season! Despite the extreme cold a large crowd attended. Outbreaks of the season.

Well, everybody, we have finished to our meeting. We have had a very successful one. We have had a very successful one.

Each time we go to Vermilion we are amazed at the number of new homes being built. Vermilion has made much progress during the year. We do hope to see a continuing one.

It was a great year. A lot of things have happened in the town. We have had a very successful one. We have had a very successful one.

The old year is drawing to a close. May the standard staff and all the residents have a Happy Christmas and a Successful New Year.

Council Discusses

Future of Town Park

A special meeting of the town council was held Monday Dec. 19th with Mayor W. P. Fisher and Cr. Deane, Robie, Mack, Stephens, Webb, Crispall present.

The meeting was called to consider the advisability of applying to the Provincial government for title of the park area lying between First st. S. and Railway Street and Baylye and Alberta avenues.

A letter from the Provincial Director of Highways addressed to Cr. Crispall was presented to Council. The Government is prepared to consider the request of Council, provided that ample provision is made for a permanent Memorial park in the western portion of the park area and that the Memorial Park established by the Dominion government will not be disturbed by any future building operations and that a notice of the Council's intention be published in the Standard for two consecutive weeks.

Mr. Crispall advised Council that the Legion requested Council representation to discuss the project.

Mayor Fisher and Cr. Crispall were appointed to meet the Legion tomorrow following adjournment of Council meeting.

The following motion carried: Resolved that Council of the Town of Vermilion apply to the Minister of Public Works for purchase of seventy-two acres of Public Park situated between First st. S. and Railway st. S. and Alberta Avenue and Baylye Avenue for purpose of making same available as site of business premises and that the seventy-two acres be beautified as a memorial park.

Meeting adjourned.

The executive of the local Tiger hockey club are making application to the (Canadian) National Hockey League for the right to play in the league. The club has been organized and is now in the process of securing the necessary funds to play in the league. It is hoped that the club will be able to play in the league next season.

A Frigid Story

The only about zero temperature registered during the past two weeks was experienced Thursday day when it was the warmest yet. The rest of the time it has been a frigid story with what is hoped will prove to be the finest of the winter weather. This Thursday morning at 8:30 with a hard frost, it was the coldest yet. Here are the readings for cold.

United Church Service Of Pretty Wedding

LODGE-McINNIS
The First United Church in Vermilion was the scene of a pretty wedding Jan. 15th when marriage vows were exchanged between Mr. and Mrs. W. N. Blackmore.

The bride was a beautiful blonde with light brown hair and blue eyes. She was wearing a white tulle gown with a full skirt and a long train.

The groom was a tall, dark man with light brown hair and blue eyes. He was wearing a dark suit with a white shirt and a dark tie.

The ceremony was performed by Rev. W. N. Blackmore. The bride and groom were surrounded by their families and friends.

The reception was held at the home of the bride. There was a large crowd of guests.

The bride and groom were very happy. They were both smiling and laughing.

The wedding was a very successful one. Everyone was happy and enjoyed it.

TREASURY BRANCH

WHAT DOES THIS MEAN?

Yes, it is a piece of paper. But a very special piece of paper, and one that is coming into use more and more. When it is properly signed it is negotiable and goes everywhere with honor. And it's no wonder... because the small piece of paper is backed by the resources of your Province.

Your Provincial Treasury Branch offers you a complete service in the handling of money. Everything from savings accounts and safety deposit boxes to cheque encashments, draft money orders and travel cheques. It's a COMPLETE business service—both personal and business! Call it and do business tomorrow.

LET NOTHING COME AHEAD OF THIS

First of all, when you are paid, pay yourself. Unusually, set aside a definite percentage of your earnings, deposit it in a savings account with us—leave it untouched. Then plan to live comfortably on the balance of your earnings.

In this way you will be assured to—enjoy life much more, to be independent when independence means most.

Be generous to yourself.

Clandonald News

In the recent passing of Mr. James Cooper, the district best student of these lovely pioneers who died their job well in helping to develop the country into what it is today, in a period extending around the first great war, was known throughout the country, where he travelled far and wide with his savings and shop until, having made in these days was not like it is today with radio-riding tractors which travel up to 10 miles per hour. His mother also resided in the neighbourhood of Lake Simcoe, so that it was not unusual for him to travel to the north. The number of heads of land which he saved up during his life time must have numbered many thousands and it can be truly said that there never was an accident of any kind around James Cooper who was known as having the most rig in the country.

Pushed to Hospital from City
Mrs. Arthur Bannister returned recently after an absence of about 10 weeks to a rather sudden and unexpected manner, she had been visiting with her two married daughters, Mary and Kathleen in Calgary and had stopped in Edmonton for a few days to visit friends. While there she was taken suddenly ill and as no hospital accommodation was available she was rushed to Vermilion by car. However by the next day she was so much improved that she was able to complete her journey home. Unfortunately, Mr. and Mrs. Bannister have two very precious boys at home.

Best Kept Farmhouse
The Thursday evening a Derwent party was held at last night to the best kept in the district. The party was held at the home of Mrs. J. McNeil, who has been in the district for many years. TRAACHEROUS DRIVING CONDITIONS AHEAD

BE WISE—FOLLOW THESE SIX RULES FOR SAFE DRIVING DURING MARCH WEATHER

1. My advice is to be driving early morning and late evening. Get the feel of the road on highway by trying your brakes while driving slowly and when no other vehicles are near.
2. Keep your windshield and windows clear of ice, fog and frost. Do not use windshield wipers and defrosters are in good working order. Do damage to avoid it.
3. Adjust your road to road and weather conditions. Drive slow on wet, snowy or icy roads as you can stop when you have to.
4. Use the chains on ice and snow. They cut braking distance as much as 50 to 60 per cent and provide "grip" traction on icy roads.
5. When you have to stop, pump your brakes up and down — pumping them on may lock the wheels and three your car into a spin or slide.
6. Follow other vehicles at a safe distance — remember that it takes 2 to 15 times as far to stop on snow or ice as on dry road.

Highway safety authorities are asking repeated attention to two hazardous conditions that take the toll of lives and limbs each winter. One is the loss of control by drivers who have not had adequate winter driving training. The other is the failure to maintain adequate winter maintenance on highways.

Alberta Motor Vehicle Insurance Association emphasizes that winter driving training is essential for those new drivers and drivers who have not had previous winter driving training. The association says that winter driving training is essential for those new drivers and drivers who have not had previous winter driving training.

The following is a review of the Board of Trade activities during the year 1949 as given by the immediate past President Mr. A. D. Watt.

Past President Reviews Year's Work

Before presenting further I wish to thank the members of the executive committee and the members of the various committees and the members of the Board of Trade for the interest they have shown in the work of the Board during the past year.

I feel that because of the cooperation and interest the Board has received during the past year I hope that we shall continue to progress but further extend our activities as to increase our value to the citizens of the town and district.

Among the items which I feel that we have done well in is the interest of all people.

The Board passed an executive committee and the members of the various committees and the members of the Board of Trade for the interest they have shown in the work of the Board during the past year.

A formal resolution was sent to the members of the Board of Trade for the interest they have shown in the work of the Board during the past year.

LOGGERS and LUMBERMEN!

As from April 1st your employees are insured under provisions of the Unemployment Insurance Act. This means that contributions must be paid for them beginning on April 1st.

If you employ anyone in lumbering and logging you should—
1. Register with your National Employment Office.
2. Obtain necessary books for your employees.
3. Distribute books among logging and lumbering men.
4. All available and planning must come under the Act on April 1st regardless of how many weeks they operate.

Persons and any other persons whose main occupation is non-logging must be insured if they are in logging and logging for 30 days or less a year and apply for exemption.

Call at the nearest National Employment Office for full information.

1950 MERCURY SETS AMAZING NEW GASOLINE MILEAGE RECORD

IN GRUELLING 751-MILE GRAND CANYON RUN

OFFICIAL WINNER!
From an aerial photograph of the Grand Canyon, lower below than the 751-mile run.

1950 MERCURY WITH OVERDRIVE
OUTPERFORMS 30 OTHER ENTRIES

With 47.5 m.p.h. per hour, the 1950 Mercury set the new record for the longest run on a single tank of gas.

The 31 cars taking part in the run were 1950 standard models representing every major U.S. make of car.

These cars were perfectly tuned for the critical run, and operated by expert drivers. They had to trip an average speed of 42 miles per hour.

CANCER IS THE MOST CURABLE OF ALL MAJOR CAUSES OF DEATH IF DETECTED EARLY!

ARE YOU ALLY FOR ENEMY OF CANCER?

(THE SIGN IN A SERIES DEALING WITH CANCER)

AN ALLY is any person who holds cancer in fear and borrows a person who refuses to discuss or read anything pertaining to the disease; a person who believes there is no cure and postpones seeing a physician until it is too late.

(SUCH AN ALLY IS AN EASY VICTIM OF CANCER)

AN ENEMY OF CANCER is a person who faces up to the danger of the disease by studying its symptoms, characteristics, and the various forms of cancer; a person who realizes the vital importance of a periodical physical examination and has a check up at least once a year.

(SUCH AN ENEMY CAN CONQUER CANCER)

EARLY RECOGNITION and treatment of CANCER SAVES LIVES

FACTS ARE POTENT AGAINST CANCER.
Cancer is an epidemic form. But the all facts there is only one sensible way to deal with it. And that is, "face it."

It is estimated that by 1955, one out of every 100 people in Canada will have died of cancer. This is a very high figure, but it is not as high as it could be. The reason for this is that cancer is a disease that can be prevented. It can be prevented by eating a diet of fruits and vegetables, by exercising, and by avoiding tobacco and alcohol.

It is not only cancer that can be prevented. Many other diseases can be prevented by following a few simple rules. These rules are: eat a healthy diet, exercise regularly, avoid tobacco and alcohol, and get regular medical checkups.

It is important that we all follow these rules. Only then can we hope to live longer, healthier lives.

Real Competition Now

To the Canadian automobile industry the invasion of the domestic market by the small British car is no longer a matter of indifference, now it is a threat to the very existence of the industry. The British car is not only a threat to the very existence of the industry, it is a threat to the very existence of the industry.

At first the trade generally failed to realize the danger of the British car, but now it is a threat to the very existence of the industry.

READ SIGNS OF LIFE NEED

EXPECT RIGID ENFORCEMENT OF TRAFFIC LAWS

AUTOMOBILES ARE BECOMING MORE ESSENTIAL AND INDISPENSIBLE TO THE BUSINESS OF MAKING A LIVING. THEY ARE BECOMING MORE NUMEROUS AND BECAUSE OF THEIR POWER AND SPEED POTENTIALITY, MORE DANGEROUS.

WITHOUT RIGID ENFORCEMENT, TRAFFIC WOULD BE CHAOTIC AND THE ACCIDENT TOLL GIGANTIC. IT IS MORE NECESSARY THAN EVER THAT ALL RULES BE RIGIDLY ENFORCED.

THE RESPONSIBLE MOTORIST WILL OBSERVE THE RULES BECAUSE HE RESPECTS THE RIGHTS OF OTHER MOTORISTS AND KNOWS THAT HE MUST OPERATE HIS CAR IN AN ORDERLY MANNER.

Where does the money go?

At time when we have heard of price, value and cost, and wondered "Where does the money go?"

Too many have wondered, too, where does our money go—the money we receive for gasoline, food, clothing and other products we use? Well, last year each dollar we received went this way:

CRUDE OIL and other raw materials took more than half of each dollar.

MANUFACTURING AND PACKAGING took more than 11 cents. Costly equipment and skilled workers were needed to make the 640 products we supplied for thousands of uses.

TRANSPORTATION took the next big bite of the dollar. Products moved over 100 million miles to serve every community in Canada. During 1949 we paid more than \$24 million for railway freight alone.

MARKETING was next. Marketing brought the products you needed when and where you needed them... power, heat and lubricants for factories, homes and farms. Marketing supplied your neighborhood dealer, but independent businessmen, so that he could serve you conveniently and dependably.

TAXES for personal and federal governments took 7.53 cents. And this did not include gasoline tax, which—depending on where you live—took from 21 to 33 cents out of every dollar you spent for standard grade gasoline.

PROFIT was 3.08 cents out of each dollar. Of this 2.25 cents went to shareholders in dividends. The rest—75 cents—went to money borrowed and advanced by banks of investment—money put back into the business to replace worn equipment, to provide new equipment and make sure that we can continue to supply you with the future.

Bringing you oil is a big job... and a costly one

Measles Reach Epidemic Proportions

BLOODSTORM AT HOME
MEASLES' VOICE

The current outbreak of German measles in Vermilion has reached epidemic proportions. Statistics from the public health office show that there have been 50 cases including one teacher since Christmas. On Monday morning alone there were 10 people shown from some rooms with the measles and by Wednesday only four people were left in the class. High school students have been referred from the school and this week out of the teachers, Mr. Kline is a victim. The prevalence of the disease is such that the measles levels are on the verge of a new epidemic in the class. In the lab, in fact, you might see a child before your eyes.

Fortunately the patients, generally speaking, are not really ill. At the sixteenth person quickly. A 14-day isolation in the usual order when young persons suddenly become ill in the face in class.

Former Vermilion Lady Dies At Victoria

She passed away suddenly at 11:15 p.m. last night, Mrs. Elizabeth Mary (nee) Phipps, 75, who was born in Phipps, Phipps, and had been a resident of Victoria for 25 years.

Prior to that she had lived at Vermilion, B.C., for many years.

She is survived by her husband, George, who was born in Phipps, B.C.; also of Vancouver, B.C.; also of Vancouver, B.C.; also of Vancouver, B.C.

NEWLY-MARRIED COUPLE TO LIVE NEAR MANNVILLE

...AND THAT'S HOW we built the school"

It's the biggest contract I ever went after, so I lost no time in getting over to my bank manager.

"George," I said, "I'll need some help to handle a job this size."

We went over the whole thing, discussed how much I would need. When I handed the contract he gave me a line of credit and I was able to get right ahead. Now the school's as good as built.

It is an everyday part of your local bank manager's job to provide short-term credit—so that payrolls can be met, material bought, goods produced and marketed.

CANCER IS THE MOST CURABLE OF ALL MAJOR CAUSES OF DEATH — IF DETECTED EARLY!

SURGERY X-RAY RADIUM
THE ONLY ACCEPTED TREATMENTS FOR CANCER

(THE 6th IN A SERIES DEALING WITH CANCER)

EMPHASIS must be placed on the fact that surgery, X-ray and radium are the only methods accepted by the medical profession for the treatment of cancer. Any attempt to treat cancer by unproven or "quick" methods can only result in postponing effective treatment until it is too late. It is a waste of money, but worse than that, it is a waste of time.

SURGERY — Recent advances in surgery are making it possible to treat successfully cases of cancer of the lung, stomach, and pancreas. Such new drugs as penicillin and the sulfonamide drugs have greatly increased the success of surgery.

X-RAY AND RADIUM — X-ray and radium have been used with success in treating and effecting cures in certain types of cancer. It is observed that the cancer cells are more susceptible to radiation than normal cells and destruction of the cancer cells is effected without injury to healthy tissue. The effectiveness of these 3 methods of cancer treatment depends upon finding the growth of cancer cells before they are advanced to other parts of the body.

The importance, therefore, of early recognition and treatment cannot be over emphasized.

EARLY RECOGNITION and treatment of CANCER
ALBERTA'S FREE CANCER SERVICES INCLUDE

Canadian market, reports The

Super gas will be in the market

Oil makes a country strong

Try to imagine life without oil! Oil supplies one-quarter of all the heat and

and we use it... in homes and factories, on farms and highways. It helps us

live better.

For years Canadians have had to depend on foreign countries for almost all

of the oil they used. Now, after a long and costly campaign, they now have

been found in Alberta.

The move of our production right here in Canada the stronger we will be.

Almost the new discoveries have made thousands of new jobs. Millions of

U.S. dollars are needed for imported oil now now being saved by the new

oil fields, and the private companies are saving money too.

In order that Canadians may reap the benefits, Alberta oil must reach

new markets. It must be moved to other Canada—2000 miles away—

where it must compete with oil from other sources. That means holding

transport costs down to a minimum.

To bring Alberta oil out of a hole of steel will open one-third of the continent—

from Edmonton to Lake Superior. It is taking about two years. To carry the oil

to Canadian markets, the largest inland tankers ever built are being

constructed in Canadian yards.

There's a big job still to be done before the full benefits of the new oil

discovery reach all Canadians. But this job is being carried on with increasing

benefit to all of us. Oil is strengthening life.

This advertisement is appearing in regular Canada's daily and weekly magazines.

Bringing you oil is a big job... and a costly one

Former Vermilion Man Killed at Williams Lake, B.C.

ALLAN WILKINSON, victim of accident

ALLAN WILKINSON, former Vermilion resident, was killed at Williams Lake, B.C., on May 24, according to information received in the Standard from Allan's parents, Mr. and Mrs. Lewis Wilkinson of Williams Lake, B.C., and for many years resident in the Vermilion district.

Mr. Wilkinson was killed when he was crushed between a tree and a log while working on a logging job. He was 40 years old and was married to Mrs. Lillian Wilkinson.

Mr. Wilkinson was a well-known resident of Williams Lake, B.C., and was a member of the Williams Lake Golf and Country Club. He was a very popular man and was well-liked by all who knew him.

Mr. Wilkinson was a very successful businessman and was the owner of a large logging operation. He was a very hard worker and was very dedicated to his work.

THE NEW LIBRARY

The proposed to establish a public library in the town of Vermilion, Alberta, was first made public in the Vermilion Standard last week. It was followed by a letter in the Standard last January. At that time it was agreed that the library would be built on the site of the old library building, which was located on the corner of Main and 10th streets. The library building was built in 1912 and was destroyed by fire in 1913. It was in 1913 that the library was first established. The library was then moved to the site of the old library building, which was located on the corner of Main and 10th streets. IN 1958 Canadian manufacturers

in 1958 Canadian manufacturers produced a total of 1,000,000 units of various products. This was a significant increase from the previous year, when only 800,000 units were produced. The increase was due to a variety of factors, including improved manufacturing techniques and increased demand for the products.

Wildcats are risky

To us, a wildcat is a well defined in an area where all have been found. Building a wildcat is a risky undertaking and a costly one. Some have lost more than a million dollars and have not been successful.

For that reason all men who are serious in their intention of making a fortune in a good chance of finding oil. They use the new method of drilling, and in this way they can find out if there is oil in the area. This method is called the "wildcat" method. It is a risky business, but it can be very profitable if done right.

Bringing you oil is a big job

Feed Crops Needed
The Hon. H.A. Lee, Minister of Agriculture, in a speech before the House of Commons, said that the Canadian feed crop situation is a matter of great concern. He stated that the country is in a position where it is unable to produce enough feed crops to meet the needs of its own livestock industry. He called for increased production of feed crops to ensure the future of the industry.

United Church Young Adult Group Active In Town

One of the most active organizations in Vermilion for some time past has been the Young Adult group of the United Church. This group provides quite a number of activities for its members during the year. They have been very successful in their efforts to provide a social and recreational life for the young people of the community.

Interesting Meeting Board of Trade

(Held over from last week)
A letter from the Board of Trade Chairman, Mr. J. H. Brown, was read and the Board of Trade met for its regular meeting. The Chairman reported on the activities of the Board during the past week. He stated that the Board had been very busy in its efforts to promote the interests of the community. He also mentioned that the Board had been successful in securing a number of new members for the organization.

Red Cross In Winnipeg Laundered By U.S. Expert
WINNIPEG - The greatest emergency job any city was ever faced with on the North American continent has been undertaken by the Canadian Red Cross in Winnipeg, states the federal director of disaster relief for the American Red Cross. Mr. H. C. Brown, who is in charge of the Red Cross relief work in the United States, has been in Winnipeg for the past few days. He has been working with the Canadian Red Cross officials to coordinate the relief efforts. He stated that the Canadian Red Cross has been very successful in its efforts to provide relief to the victims of the disaster.

MAY WEATHER
The following summary of weather for the month of May was supplied to the Standard through the courtesy of the Dept. of Transport weather station in Vermilion.
May was a windy month with temperatures averaging slightly below normal (the maximum of 54° on May 1st) but the month was generally drier than the month of May in this district. Cold breaks of warm Pacific air from the west on May 1st and again from the 25th to the 27th were very warm spells with temperatures reaching from 50 to 60 degrees Fahrenheit, with some or less rain.
Heavy rains in the Peace River region about the middle of the month resulted in above normal May precipitation, elsewhere in Alberta and western Saskatchewan May precipitation was only slightly in excess of normal.

OLD AGE PENSIONS
For a number of years the question of an improved old age pension has been discussed in the House of Commons and a Joint Committee of the House and the House of Commons was set up early this session to get information on old age pension schemes in other countries and also to get information they could with respect to improve the old age pension in this country. The committee has been sitting several times every week and also the session opened and has collected quite a lot of information but at the present time it is not in a position to make a report to the House. It is expected that the committee will report to the House in the next session. Greenlawn Old-Timers Plan Annual Picnic

AT GREENLAWN LAKE, SAT. UDAY, JULY 16

One of the most popular gatherings in the area is planned for July 16 when the Greenlawn Old-Timers held their annual picnic. The picnic will be held at Greenlawn Lake and will include a luncheon, a golf tournament, and other activities. The day is expected to be a very successful one with a large number of people attending.

GERMINATION TROUBLE

Seed testing has been a problem for many farmers in Alberta, particularly in the area of grain. The problem is caused by a variety of factors, including poor seed quality and adverse weather conditions. Farmers are advised to take steps to ensure the quality of their seed and to monitor weather conditions during the growing season.

When any animal system is altered a thorough check is required at any time, at its own expense, without charge, is it not true to allow some one to suffer?

WHY PAY MORE...

PONTIAC...the most beautiful thing on wheels

There are many cars more costly than Pontiac's large and luxurious Chieftains and Streamliners. But few, if any, are finer. When you examine them at your Pontiac Dealer's, you will be happy just to sit in a car so obviously right in the good taste and detailed perfection of its styling and appointments. You will be thrilled to drive a car that is so clearly a superb engineering achievement. You will be proud to own—and to be seen driving—such a fine car. So, ask yourself, what more can more costly cars offer? If you pay more?

The Pontiac Chieftain and Streamliner are offered with a choice of color. See us at Pontiac Dealer's. Pontiac Dealer's are listed in the Yellow Pages. Pontiac Dealer's are listed in the Yellow Pages.

WHY PAY LESS?

FLYLEADER SPECIAL—3-DOOR SEDAN COUPE

Away down in the lowest-price field you'll find one car—and one car only—that brings you everything that matters in a motor car. It is a full-sized passenger car! Its styling is famous Silver Streak Styling! Its power is ample, sure, low-end engine power! Its superbly finished bodies are by Fisher! That car is Pontiac's Fleetleader—offered in either standard or deluxe appointment. It is every inch a Pontiac—yet its price is so low it will stagger you! Why not?

Gifts and Savings Compared

To illustrate, the purchase of a new Pontiac Fleetleader will save you a great deal of money. The purchase of a new Pontiac Fleetleader will save you a great deal of money. The purchase of a new Pontiac Fleetleader will save you a great deal of money.

Building Canada
There is much to be said for the fact that the building industry is one of the most important in the country. It is the industry that builds the homes, schools, hospitals, and other public buildings. It is the industry that builds the roads, bridges, and other public works. It is the industry that builds the ships, planes, and other means of transportation. It is the industry that builds the factories, mills, and other places of industry. It is the industry that builds the cities, towns, and villages. It is the industry that builds the future of the country.

interesting report on the district com-
mission given by Mr. CHG Creighton.
This was thoroughly enjoyed by all.
Mr. W. H. Garret, the other delegates,
were also present and he was well
dearly hospitalized for his ailments.

Rains Continue
Local growing weather with a new
combination of frequent showers and
sun. Some prospects very from
clouds. Warm until late in the
week. On Wednesday, July 19th,
temperatures 28 to 34 degrees.
It rained during week 14th inches.
Rain all reports rule in the country
around has been better.
recovered in town, while the air
was just on the edge of a very heavy
rain fall in town.

Alma Figue

Married in City

A pretty wedding was solemnized in the West Jager United church on Wednesday, July 19th at 2:30 p.m. in the afternoon past Alma Figue, daughter of Mr. and Mrs. E. Figue, became the bride of Mr. George At-
her (brother of Mrs. Figue).

The bride, who was given in mar-
riage by her brother Richard, was
dressed in a floor-length gown of white
silk and lace. Her long veil was
caught in a flower coronet of white
flowers. Her only ornament was a
diamond necklace and she wore a
diamond ring on her left hand.

The bride was attended by her sister,
Patsy, who was dressed in pink and
white. Her bridesmaid was Miss Jean
Johnson of Vermilion. The brides-
maid was dressed in pink and white
and carried a bouquet of white and
pink flowers.

The church was beautifully decora-
ted with white flowers and pink and
white carnations. The Rev. H. H.
Cassidy officiated. The service was
recorded, singing being taken up by
the bride and groom.

The bride and groom were given in
marriage by their father and mother.
The bride's father was Mr. E. Figue,
and the groom's father was Mr. George

Letters to the Editor

Vernonia, Alberta, July 27, 1960. Editor, Vermilion Standard, Vermilion, Alberta.

Through the medium of your valuable paper I wish to register a complaint to the effect that the responsible for the exhibition over the last fortnight was not the Vernon Standard, but the people of Vermilion.

It is my opinion that the people of Vermilion have been treated in a most unbecoming manner by the people of the Vernon Standard.

MODERN EQUIPMENT

Makes Easy Work of Harvesting

The ease, speed and economy of harvesting nowadays typifies the change in farming that has come with new and better equipment.

Through progress in implement engineering the burden of farm work has been transferred from muscles to machines—with decided advantages physically, socially and economically to those engaged in agriculture.

Latest machines like the Massey-Harris self-propelled combine have established a new appreciation of the importance of mechanization and a realization that farming with modern power machines is easier and more profitable.

Alliance Chapel Is Setting For Beautiful Wedding

ROBINSON—VIRT
The Alliance chapel, Vermilion, was the scene of a very pretty wedding Wednesday afternoon, August 10, when Helen Louise, daughter of Mrs. Mary Jane Virt of Vermilion, and her sister, Mrs. L. L. Virt, were united in marriage in the presence of a large number of guests.

The ceremony was performed by Rev. J. P. Berg. The chapel was prettily decorated with baskets of lovely assorted flowers.

The bride was given in marriage by her father, Mr. J. P. Berg. The groom, Mr. J. P. Berg, was a member of the church. The bride and groom were both graduates of the local high school.

The bride was attended by Miss Evelyn Harrison, who wore a pink and white dress with matching accessories. The groom was attended by Mr. J. P. Berg.

200 Million Dollar Diamond?

If a diamond is large as a baseball ever found, it would be worth about \$20 million dollars. But it would be worth the price of a diamond.

The amount of money which the insurance companies would have to pay on a diamond of this size would be large enough to buy a diamond! But this money is not in the hands of the insurance companies.

It is not yet known if a diamond of this size has been found. It is not yet known if a diamond of this size has been found. It is not yet known if a diamond of this size has been found.

Over 3,000,000 Radios In Use in Canada

If you were on a gift program and the worst of winter the great price consisting of everything you ever hoped to own, what would you like to the question? Approximately 3,000,000 radios are in use in Canada. A million more are being sold every day. To come there you would have to wait a while. There are only 2 million radios in use in Canada, and only 1 million of them are in use on all but one per day. They are being sold in ever-increasing numbers by thousands in all walks of life from the humblest peasant to the most fashionable society. The two radio sets in one house is now the rule rather than the exception. Five or six is not unusual. Home listening is the rule. The reason for this popularity of radio is that radio is so general in its appeal. While most members of the family listen to the radio, the radio is a favorite social medium. At the same time the small size of the radio makes it a perfect gift. It is a perfect gift. It is a perfect gift. It is a perfect gift.

Kiddies' Winter Playground Ruined
The Vermilion, Alberta, Oct. 11, 1960.

I am a mother in a habit to write letters to the editor, and very seldom do I raise my voice regarding municipal matters, but the action of the town of Vermilion in destroying the children's winter playground is a most regrettable and unnecessary action.

I refer to the report published by the children's committee in the "Standard" of Oct. 11, 1960, in which it is stated that the playground is in a position to be destroyed.

Children have used this winter playground ever since the snow started, for in years, and yet the town committee is so stupid as to destroy it.

Letters to the Editor

This paper does not hold itself responsible for opinions expressed by correspondents.

Vermilion, Alberta.

The Editor,
Vermilion Standard,
Dear Sir:
I noticed recently in your columns a letter complaining about municipal taxes, here some of the roads have been graded since this larger municipal district came into being. This has led to a decrease in the amount of a taxpayer to allow him to go through this matter to get to work. Who should people pay taxes and then get on with this state of affairs? Under the old system or level system they could go to the main road or to a side road and have the road graded. Now, however, they have to go to the main road and have the road graded. This is a most unfortunate situation. The new system of grading is a most unfortunate situation. The new system of grading is a most unfortunate situation.

We, the taxpayers living north of Vermilion, have been paying taxes for the past 16 years. We have one road that is in a state of disrepair. This is a most unfortunate situation. The new system of grading is a most unfortunate situation. The new system of grading is a most unfortunate situation.

From the Municipal office, we have been told that the new system of grading is a most unfortunate situation. The new system of grading is a most unfortunate situation. The new system of grading is a most unfortunate situation.

It is very small, the new Chevrolet is in the very forefront of the new world. These things, however, are not the only reasons why Chevrolet is a most unfortunate situation. The new system of grading is a most unfortunate situation.

LOW FIRST COST

Hard facts, not fancy phrases, determine any car's value. The motorist considers the value of the car in terms of its performance, its economy, its reliability, its safety, its beauty, its service, its cost.

ECONOMICAL OPERATION

For all the power you want when you want it, you can't expect economy of fuel consumption. But you can expect economy of operation. The Chevrolet is built to give you the most economy of operation.

BRILLIANT PERFORMANCE

Just get behind the wheel of a Chevrolet, and you'll know the meaning of brilliant performance. The Chevrolet is built to give you the most brilliant performance.

GREATER ROOMINESS

There's no room, head room, leg room and room to spare in any other car. The Chevrolet is built to give you the most roominess.

HIGH REPUTATION

Here's convincing proof that throughout years, Chevrolet has earned a reputation for outstanding performance. The Chevrolet is built to give you the most outstanding performance.

MODERN STYLING

In every detail, the new Chevrolet is in the very forefront of the new world. These things, however, are not the only reasons why Chevrolet is a most unfortunate situation.

GREATER SAFETY

From the Municipal office, we have been told that the new system of grading is a most unfortunate situation. The new system of grading is a most unfortunate situation.

HIGH TRADE-IN VALUE

Results prove that our buyers as well as our car buyers consistently favor Chevrolet over other makes. The Chevrolet is built to give you the most trade-in value.

Four vital steps to security

(with something important in common)

1. A steady job is the first step to security. It gives you a steady income and a steady future.

2. Owning your own home is the second step to security. It gives you a steady investment and a steady future.

3. Cash resources, such as savings accounts and life insurance, are the third step to security. They give you a steady income and a steady future.

4. Life insurance protects you and your family against the possibility of financial disaster. It gives you a steady income and a steady future.

These four steps are the foundation of a secure future. They give you a steady income and a steady future.

A Valuable Asset

In the future, the recent opening of the oil pipe line from Edmonton will not be regarded as an important milestone in Canada's economic development. The growth of oil production in the west is one of the great economic expansion which is taking place in Canada at present, and which is making a new period in the development of this country. At the opening of the new pipe line, from C. D. Hays pointed out that with the rich drive in Labrador, the Uranium mines in Quebec, vast forest resources and the forests of British Columbia a resource is of great interest to Canada and we are entering upon a new and more prosperous era.

Oil all these resources all of the west is the people of Western Canada. The new pipe line will mean Edmonton with its position as the oil is transferred to Great Lakes tanker to be taken to refineries in the east. The use of this line promises to greatly extend the sale of Canadian oil in Canada, and possibly in the Middle West of the United States as well. It has been estimated that already Canada's oil production, which has reached the value of \$200,000,000 a year, has saved some \$100,000,000 Canadian dollars which would otherwise have been spent annually in the United States on oil and shipping costs.

With the expansion of the present Canadian market, and the possible addition of markets in the United States, Mr. Hays told those gathered at Edmonton for the opening of the pipe line that a saving of \$100,000,000 Canadian dollars a year may be expected. If this estimate is correct it will have a considerable effect upon Canada's trade balance with the United States. In some quarters it is expected that the saving may be even greater than the \$100,000,000 Canadian dollars a year, for the fact that oil has been steadily rising in Canada. In the last ten years production of the amount of motor vehicle increases has doubled, and the demand for fuel oil has increased 50 per cent. It is apparent that the Western oil industry is of great importance to Canada, and that they may secure great prosperity in the future because of the industry.

Is Likely To Extend Markets

With the expansion of the present Canadian market, and the possible addition of markets in the United States, Mr. Hays told those gathered at Edmonton for the opening of the pipe line that a saving of \$100,000,000 Canadian dollars a year may be expected. Great Saving In Dollars

With the expansion of the present Canadian market, and the possible addition of markets in the United States, Mr. Hays told those gathered at Edmonton for the opening of the pipe line that a saving of \$100,000,000 Canadian dollars a year may be expected. STUDENTS ARRIVE AT THE VERMILION AGRICULTURAL COLLEGE

The above is a typical scene taken during a festive day at the Vermilion Agricultural College. In the foreground, a group of students are gathered around a table, possibly for a meal or a social event. In the background, the large, modern building of the college is visible, with its distinctive architecture and large windows. The scene is set outdoors, with trees and a clear sky in the background.

Lieut. Governor Endorses Seal Sales

The Honorable J. J. Duggan, Lieutenant Governor of Alberta, has endorsed the sale of Christmas seals for the benefit of the Canadian Tuberculosis Association.

In endorsing the seal sale, Mr. Duggan said, "Christmas seals are part of our Canadian tradition. They represent the very spirit of Christmas, and permit every man, woman and child to participate in the winning of the T.B. association. I personally hope that all Albertans will support the Christmas seal fund every year, more especially this year than ever before."

Christmas seal contributions are allowable income tax deductions. They may be sent to the Kingston Christmas Seal office at Christmas House, Ottawa, Ontario.

Mr. Peabody and the end of the rainbow

A You could have knocked Mr. Peabody over with a feather. For there, right through the window of his own room, came a rainbow. And at the end of it was a heap of gold!

As he approached it to see if it was real, he heard the sound of bells. "The whole countryside has heard of this!" thought Mr. Peabody. "That's why the bells are ringing so loud. It's the sound of the bells grown louder... LOUDER... LOUDER..."

Mr. Peabody came with a start. The silver clock beside his bed was ringing... RINGING... RINGING. Shouting it off, he slipped on his feet and fell down.

Listening to the rain he saw his breakfast. Mr. Peabody had suddenly seen that old-age friends should provide every body with enough to retire on.

"Humph!" mused Mr. Peabody to himself. "My wife... I like the idea of old-age friends for old people. But to build the kind of wonderful old-age home I want, I feel I ought to need all my life insurance... and maybe more. It gives me fairly protection now. And it covers my own people in a very big money programme could possibly do."

During all this, Mr. Peabody had noticed the sound of other bells. He heard the sound of bells, ringing and ringing for his future security with life insurance.

"Even without gold, it's a pretty good world," he said to himself. And as he looked he began to whistle softly.

WE CAN'T HANDLE THIS GUN ALONE

Your help is needed NOW

To bring this anti-aircraft gun into action calls for a full crew — skilled men trained to handle a fast-changing, fast-moving gun. To train such a crew takes time, gun crews must know how to handle modern weapons — electronic, radar, radio, telephone — must work together in the closely timed co-ordination of a championship football team.

The Canadian Army Active Force needs men today... have young men who can begin training immediately as anti-aircraft gunners. You can take your place at the side of the men who defend Canada by reporting for training without delay. Act now — and help make Canada strong.

How To Make Farm Trailers

speeded up. It was probably the growing popularity and availability of the rubber-tired tractor that made the farmer go for a tractor to pull out of the mud. The rubber-tired tractor can travel 10 miles an hour. He wanted it for hauling produce to market as well as for around the farm. The rubber-tired equipment puts less strain on the front end and the rocks can be made much smaller for ease in loading.

It was the problem of building trucks to haul these new farm vehicles that the front farmers at the annual meeting of the Ontario farm engineering experts of the Ontario Department of Agriculture came to their aid recently with a special report. They designed a new type of truck that would be economical devices on such construction. The publication, "Farm Tractor and Rubber-tired Trucks," is available for \$1.00. It is a 16-page booklet for this purpose. Henry Dyer

capacity motor truck front axles are recommended. The 10-ton wagon with ramps is required for loading equipment or supplies. Such a trailer is also required for suspending a wagon here between a front and rear axle and a pivot. The assemblies of the front and rear axles are from 10 to 15 feet apart. The axle for this purpose, Henry Dyer

deisch, J. L. Armstrong, D. J. Cooper and A. J. Mager, of the Agricultural Engineering staff may be obtained from the Department of Agriculture on request.

The bullock, which is fully detailed, gives the steps necessary to construct the parts and the tools required, and lists the materials needed to do the job. A half ton trailer with removable side racks, a crane, a pump, a brush, a front-end axle and wheel assembly from a light automobile, Commercial Union's "light tractor" and the construction of light tractors and the unit can be assembled with or without springs. On tractors should be taken to prevent accidents. All heavy regulations should be adhered to and the tractor and vehicle should be under control at all times. For instance, safety chains between tractor or automobile and trailer should be used on many districts. Light tractors with heavily loaded trailers should be operated at moderate speeds and in low gear. The authors point out that brakes on tractors be locked together.

The rubber-tired "trailer" is the latest home-made standard equipment for Canadian farmers. Not only is it used for hauling crops, but it is also used on all on constructing racks for the low-slung, high-speed vehicles. Now the Canada Department of Agriculture has issued a detailed manual to farm tractor drivers. It contains 30 pages to a wide variety of suggestions, specifications, photographs and drawings to allow the farmer to make the most of his machine. It is published in French and English. For more information, contact the Information Service, Canada Department of Agriculture, at Ottawa.

Hunter Isn't Bragging About His Prowess

MINDEN, Ont. -- A hunter near this Haliburton district village now has a well-earned bear for robe. But he isn't bragging about his prowess.

As Peter McGhee tells it, in his outdoor column in the Telegraph, the hunter posed his car into the bushes along a little-used road and threw an old fur robe over the radiator.

After a while circle in the bush he saw a Mack, furry animal. Six shots later he approached the pole—hanging over his radiator.

Support Demands For Lower License

Because of the recent increase in the cost of motor vehicles, the Alberta Motor Vehicle Association has petitioned the government for a reduction in the license fee. The association claims that the current fee of \$1.00 is too high and that a reduction to 50 cents would be more equitable. The association also claims that the current fee is a burden on the average citizen and that a reduction would encourage more people to drive and thus increase the economy.

Home and School Regional Conference at Wainwright

Over one hundred delegates and representatives from home and school organizations of Wainwright, Vermilion, and other centers attended the Regional Home and School Conference held at the Wainwright Hotel on Wednesday, Dec. 6. The conference was held to discuss the importance of home and school cooperation in the education of children. The delegates discussed various topics including the role of the parent, the role of the teacher, and the importance of extracurricular activities. The conference was a success and the delegates agreed to work together to improve the education of the children in their communities.

OBITUARY

Vermilion Air Cadet Squadron Re-organizes

Although we have to start this year, the local Air Cadet Squadron has been re-organized. The squadron is now composed of 15 members and is active in various activities. The squadron is led by a Squadron Leader and is supported by a staff of officers and non-commissioned officers. The squadron is active in various activities including flying, ground school, and community service. The squadron is a proud member of the Royal Canadian Air Force and is committed to the highest standards of excellence.

Military Notes

On Monday, Dec. 4, the Army held its weekly meeting. The meeting was held in the presence of the Adjutant General and the Quartermaster. The meeting discussed various matters including the status of the troops and the needs of the community. The meeting was a success and the adjutant general and the quartermaster agreed to work together to meet the needs of the community.

SO HIGH IN VALUE!

So much power...from your choice of Pontiac's famous 6 or 8-cylinder engines...so much comfort and prestige in beautiful, big bodies by Fisher...so much safety by your Pontiac's powerfully engineered, heavy steel chassis...yet even the costliest Pontiac is surprisingly low priced.

HYPER-MATIC DRIVE! The truly smoothest, most efficient drive ever. The clutch pedal routine! Proved by billions of miles of driving since General Motors pioneered it over 10 years ago. So simple, so relaxing...such a thrill! Optional equipment on Pontiac Chieftain and Streamliner models at extra cost.

CHIEFTAIN DELUXE 6 CYLINDER 4-DOOR SEDAN

The most beautiful thing on wheels!

...SO LOW IN PRICE!

Compare Pontiac's price with other car prices you know...and it becomes self-evident that "Dollar For Dollar You Can't Beat A Pontiac". For, at a price that's startlingly low, you get all of Pontiac's outstanding quality, dependability, comfort, beauty of line, and safety of investment! Pontiac, remember, is a favorite among used-car buyers as well as new-car buyers. This means you a higher price when you're ready to trade for another Pontiac—but that won't be soon! For Pontiac is built to satisfy and built to last. You'll be happy with it for years longer. Let your Pontiac dealer show you why!

BIG RIVER. Sunk—Some 500 fishermen in this district watch the lake ice thicken daily as the opening of northern Saskatchewan's commercial fishing season nears. On the wind-whipped, ice-covered lake around this community, 100 miles northwest of Prince Albert, fishermen have their nets mended, their heavy parkas ready and basin holes picked.

Here in Big River, the annual shuffle and bustle of swinging from summer's hazy days to winter's fishing is almost at hand.

The post office staff here has worked after hours to get the mail

Outlook For Trade

AS WE CONTEMPLATE THE BEGINNING of another year, the outlook for the United States and the United Kingdom has been somewhat optimistic. Of late, the United Kingdom has traditionally been a major market for Canadian goods, and there has been a considerable surplus on commodity trade with the United Kingdom. The average for 1959 to 1960 was \$221,000,000. This figure rose considerably during the year and in the first nine months, reaching \$248,000,000 in 1960.

When the United States also gets a great deal of business from Canada, it is not surprising that the outlook for the United States is also optimistic. The United States has been a major market for Canadian goods, and there has been a considerable surplus on commodity trade with the United States. The average for 1959 to 1960 was \$221,000,000. This figure rose considerably during the year and in the first nine months, reaching \$248,000,000 in 1960.

Recently it was officially announced in London that United Kingdom purchases in Canada in 1960 are expected to total \$400,000,000, and that it is hoped that the level will be maintained in 1961. This is a very good indication of the strength of the British market for Canadian goods. The United Kingdom has been a major market for Canadian goods, and there has been a considerable surplus on commodity trade with the United Kingdom. The average for 1959 to 1960 was \$221,000,000. This figure rose considerably during the year and in the first nine months, reaching \$248,000,000 in 1960.

Montreal, Dec. 14. — Although "widespread and forthright government policy" may check inflation somewhat, little can be done without the understanding and help of people in all walks of life, said President R. G. Gendron, president of the Bank of Montreal, at a 123rd annual meeting of the bank's shareholders.

"In many important respects the public is the enemy of inflation," Gendron said. "The public must understand that inflation is a disease of the economy, and that it can be cured only by a combination of government action and public cooperation."

WOODVALE

A shiver with for a Merry Christmas and Happy New Year to the Editor and staff of the Standard and the readers of this column.
The year that slipped by, which has been in the hospital with a severe case of rheumatism will be home again soon and feeling better.
We were very interested when we were that Howard Cooper had joined the special brigade for the United Nations. He is still keen and not thinking of going into the army.
The Vermilion school children will have their Christmas party on Fri. (4th) afternoon and the Canton school concert will be held the evening—on here many of them will see two concerts in one day.

The regular bus on the 11th did not bring down to any extent. The plan to have the party and did not work, so there were only ones on the road. We were very sorry for the road. A dozen were by car across the road but the men were too busy to stop.

Marwayne Turkey Club Show Great Success

The highest price was paid by the Dominion Meat Market of Marwayne for a dressed turkey, exhibited by Joyce McPherson. This was a 12 lb. turkey and brought \$1.35 per pound, at a total selling price of \$16.20.
Dresses McPherson and Russell O'Brien were bid \$1 per pound respectively by Marwayne Coop store and Hyman's Meat Market. The average price per pound was \$1.35 per pound for all turkeys sold. Mr. O'Brien was the principal buyer, at the sale which was auctioned by J. A. Elliott in the live turk y classes. Joyce McPherson was first live turkey and Joyce McPherson had the best item in the show. Dressed prices were \$1.35 per pound and Joyce McPherson also.

Mr. F. J. Hagen, Poultry Commission, judged the live turkeys and C. C. Knapel, Chief Inspector for the Poultry Production Service, Edmonton, passed the dressed turkeys. Special prizes were donated by Albert's Poultry Market, Van Dyke Hatcheries, Prince-Hatcheries, L. C. Macintosh, Alberta, Turkey Ranches Association and Dandridge Turkey Farm.

Mr. E. K. Hagen, Poultry Inspector for this area and organizer of the club replenished the club members for their fine showing and thanked the buyers for paying such high prices which would encourage the boys and girls to greater efforts.
The principal E. H. Duck, chairman, is supervisor and Dick Duck is leader of the Marwayne club.

Funeral of Joseph Todd

Funeral services for Joseph Todd, aged 72 years, who passed away on December 18th, were held at the United Church, Vermilion, on Wednesday Dec. 20th at 2:30 p.m. in the afternoon. Burial followed at the Vermilion cemetery.

He is survived by Mr. and Mrs. O'Brien of Vermilion, Mrs. Perry, Toronto; Mrs. McQueen, Toronto; Mrs. Campbell, Toronto; Mrs. Brown, Woodville, Ont.; and Mr. and Mrs. Wm. Todd, of Kitchissippi, Ont.; George, Robert and Henry of Vauxhall, Alberta, and Cliff of Orléan, Calif.

Mr. Todd's Funeral Home was in charge of arrangements.

Alberta Pool Elevators OFFER YOU

- Excellent Service.**
There is no incentive for any Pool Elevator agent to take undue advantage of patrons. The whole business is open to the inspection of elected delegates and directors.
- Operation at Cost.**
Excess earnings are returned in the form of cash and reserve patronage dividends.
- Democratic Control.**
Pool Elevators are owned by Pool members and policies drawn up by the elected delegate body.
- Economy of Operation.**
Pool Elevators depend on volume for earnings. The larger the handlings the lower the cost.
- Participation in Ownership.**
You can increase your proportion of ownership by delivering grain to Pool Elevators.
- Economic Power.**
A strong co-operative can impress upon governments the needs and desires of its membership.

The towns of Canada are human places. In our towns you go to your banker as naturally as you go to your grocer. No banking service is too large or too small to expect of your Commence manager...

The child with a dollar, learning to save... a young man starting in business... the folks ready to retire... all are welcome at The Commence.

Yes, our Canadian towns are human places... and the men and women at your Commence branch are good people to know.

ISAY NEWS

We report to learn of the death of Mrs. (Jill) Isay in Vermilion. We of Isay send our sympathy to the bereaved family. We remember so well when Mrs. Isay and family lived here. Mrs. Isay was a very old character who lived in the family school and passed away peacefully in her home. She was a "good" mother to all her children.

One evening last week some of the young folk of Isay were entertained at the home of Mr. and Mrs. Isay. The evening was a very pleasant one and the young folk of Isay were having a very good time.

Mrs. Isay and Mr. Isay were very much surprised to learn that Mrs. Isay was to die on Thursday to visit the C. Isay family.

Mr. and Mrs. Isay were at the Isay family at the home of Mr. and Mrs. Isay. Isay was in town and went to the grave to see the Isay family.

Mr. Isay was very much surprised to learn that Mrs. Isay was to die on Thursday to visit the C. Isay family.

"Maybe folks should look at security this way"

It seems to me that having yourself when you get up to town is something like keeping a car. You can't run a car and get it up to town with only a few dollars worth of oil and a few dollars worth of gas. You need a car that is reliable and that will give you plenty of all kind of good things. And I figure the same idea works with me and the money I need security.

Suppose I get paid some kind of odd job here, the same as every body else. I'll be mighty glad to get that money. But I'm going to want more money coming in. And that's just what I'm doing for me with my life insurance.

When then I won't be in the life of money. But at least I'll have some of the comfort I want. And right now I'm mighty glad to know that if anything happens to me, my life insurance will take care of my family.

Anyone, don't you think a car should help provide for his own security? I do. And millions of other Canadians are doing it now - with their own life insurance.

These men are less likely to be in trouble with their conducting than with the business because they are not in it.

Planned Saving

paid off for the Browns

The neighbors remember how old young Donny was a few months ago, and how worried the Browns were. But they never guessed what a serious drain his illness had been on the family purse.

Wise, the Browns had made it a rule to put something into their savings account, week by week, almost from the day they were married. So when they consulted their bank manager, their credit was good. With the help of a small bank loan, they were able to pay all their bills promptly. Now Donny is healthy again—and so is their bank account.

Planned saving pays off, when bargains, opportunities or emergencies come along.

Locate Bombardier Sunk in Lake by Magnetometer

FLIN FLON, Man. — A magnetometer located a sunken bombardier on the bottom of Lake Winnipeg, east of here.

Reuter this week said that the bombardier, which was lost in 1944, was found by a magnetometer. The magnetometer was used to locate the sunken bombardier.

U.S. POPULATION CLIMAX
NEW YORK — The population of the United States has increased to 175,000,000, according to a new report taken in April and now listed 125,000,000. The Metropolitan Life Insurance Company said.

The first census was taken in 1790. The last census was taken in 1960.

Country Children Have Fortitude

India was winter fall to desert the north winds blowing from the north, some children will move south of the line, January was the latest move south in which the people travel in 100 per cent attendance records. The people and teacher Mrs. Helen Wilson are to be congratulated on the record. A travelling school, however, had 100 per cent for January. It is not surprising that so many and correct results come from the present movement. Mrs. Wilson was taking part in the Indian summer school.

Letters to the Editor

One paper does not hold respect for people for not having expressed his opinion.

Vermilion, Alta., Jan. 31, 1961

Editor, Vermilion Standard.

Now that the time of the annual printing is close at hand I feel that it is justifiable to make a few remarks on the electrical power service in Vermilion.

Other than the fact that they call it "Electric" it seems that the power service in Vermilion is not as good as it should be.

Trusting that the town's representatives on the board of directors may be able to make a little progress in this matter.

Thanking you for your paper, I remain, Yours sincerely,

—Edith "Crimson" Davis

\$100.00 A Month for Life FROM AGE 60

THIS IS THE PLAN: Suppose you are 30 years old, and you wish to make regular payments to the Run Life of Canada. At age 60 you start receiving \$1000.00 per month for life. An investment of \$1,119.00 in cash. Both amounts can be increased by accumulating annual dividends.

If you complete the equity form first, you can obtain details without further delay. The plan pays over all amounts of premiums from as little as \$5.00 per month until the cash or pension can in most cases commence at age 50, 55, 60 or 65.

FOR YOUR FAMILY

Should you not live in the age of 60, \$154.00 will be paid to your family on your death.

WEDDING BELLS

GRAY-AVON
A very pretty wedding took place in the parlour of the Gray-Avon Hotel on Monday night, March 2nd, when Miss Dorothy Gray, daughter of Mr. and Mrs. J. H. Gray, of Calgary, was united in marriage to Mr. Frank Gray, of Calgary.

The wedding ceremony was performed by the Rev. Father McPherson of the Holy Trinity Church.

The bride was given in marriage by her father and was lovely in a floor-length white gown with a full skirt and long full sleeves.

The groom was wearing a suit of light blue with a white shirt and a white tie.

The wedding reception was given by the bride's parents at the Gray-Avon Hotel.

The bride and groom were accompanied by their bridesmaids and groomsmen.

The wedding party consisted of the bride, groom, bridesmaids, groomsmen, and flower girls.

Seagram TELLS THE WORLD ABOUT Canada

This advertisement was designed by The House of Seagram to tell the people of other lands about Canada and things exclusively Canadian.

Many people in Latin America, Asia, Europe and other parts of the world are not fully aware of the richness of Canada's natural resources, wild life, scenic beauty and cultural traditions. The more the people of other lands know about our country, the greater will be their interest in Canada and Canadian products.

The House of Seagram feels that the business of industry does not terminate at the borders of its plants, it has a broader horizon, a further view—a view directed to the development of Canada's future in every land of the globe.

Mr. A. M. Little, Mrs. W. A. Little and Mrs. L. M. Little were in Vermilion last week on their way to the University of Alberta. Mr. and Mrs. Little left on Friday morning for Calgary to spend the long week end.

Word has just come through the Vermilion Standard that Mrs. Little is in the hospital at the University of Alberta. Mrs. Little is a patient in the University of Alberta hospital. She has been in the hospital for some time.

Mr. and Mrs. Little are well known in Vermilion. They have been married for many years and have several children.

visiting around

We like to visit to see how other people produce textiles. A good many come to visit us, and we like this too. All main countries have textile industries, and people come from other countries in the western group to study our methods. The textile industry here in Canada is among the leaders in technical skill and efficiency. And along with the U.S. it pays the highest wages for textile employment anywhere. In Canada the industry is the largest employer of manufacturing labor. Textiles also pay the largest manufacturing wage bill in this country. In these times, the size and technical ability of the industry are important features of Canada's strength.

If you have a new compression ratio, the fuel to use is "Acto". You get top engine performance at all times. You get quick starting... more power... along with convenience and flexibility.

More Power Tractor operators have found that "Acto" gives more power for the heavy loads... smoother operation... and less trouble with temperature control.

More Economy You'll get more starting, without long warm-up periods. Hardly any crank run dilution when you use "Acto". It's a satisfactory fuel for all types of operation.

More Flexible "Acto" is a flexible fuel. It's that, we mean it gives uniform performance with variable loads. It's the fuel that helps you get the most out of your low compression tractor.

In The Legislature

BY W. R. CORBIN, M.L.A.
The estimates have been passed by the House and must of the time in the Legislature is being given to the consideration of 1951. It is necessary that the estimates be passed before the end of March which is the end of the fiscal year.

Thursday and Thursday are closed as private members days which provide an opportunity for any member of the House to bring in any question of resolution which he wishes. Both of these days each week have been taken up with resolutions most of them coming from the Opposition benches.

RURAL ELECTRIFICATION
This year saw a resumption of the annual debate on rural electrification. In speaking in this debate the Hon. Mr. J. L. Robinson said that the Power Commission during the last year was making great strides in the installation of hydro power sites. Along with the relative power companies, the commission had made studies of farm areas. The power companies had been able to keep up their schedule with the result that today there are now 1,000 farms in Alberta being served by the Calgary, Power and the Canadian Utilities.

Mr. J. L. Robinson said that the present time is the possibility of saving electricity from natural gas. Considerable survey has been done on the site of the Great River project and it is expected that this work will continue this year.

UNIVERSITY FACILITIES
Another item on the order of business of the Legislature is the matter of "University Facilities in the Province of Alberta." The Premier indicated that this was desirable when it was passed and further to make the extension. He pointed out, later.

WORKMEN'S COMPENSATION
It has been estimated every day there is sent up a Committee of the Legislature to consider the Workmen's Compensation Act. However, at this session it has been agreed to set up the Committee now which is a year earlier than usual. This will give the Commission an opportunity of making some preliminary work before the bill is brought in.

FRIGHT RATES ON CANAL
The House passed a motion urging the Dominion Government to prevent the re-establishment of so-called "one-way freight rates" from Alberta to Ontario. Mr. Kerwin from the Opposition said that the freight rate on coal from Alberta to Ontario was \$1.40 a ton. The rate of the so-called normal rate would be \$1.40 a ton on an April 1st of next year. He pointed out that the Royal Commission set up to study and report on the freight rates in the province had been set up to study and report on the freight rates in the province.

V.S.A. 'Little Royal' and Achievement Day Attracts One Thousand Spectators

The following story was written by Jack Doherty, staff writer of the Mountain Journal, who spent Wednesday in Vermilion at the V.S.A. Achievement Day.

With its version of life personae which have little royal and achievement day, the Vermilion V.S.A. has a reputation for being a place where the young people of the area can find a place to belong.

The "sure-fire" gunners of the FIELD ARTILLERY

The Canadian Army Active Force is on the move. The highly-trained, expert gunners of the Royal Canadian Artillery stand by their guns—ready to defend Canada's freedom.

The fighting men of the Royal Canadian Artillery are expert soldiers. They are trained to work and fight in smoothly coordinated teams... and proud of it!

Canada needs men like these "sure-fire" gunners—men who prize Canadian freedom enough to fight for it.

You can take your place beside men like these as a member of a field gun crew—by reporting

WINTER RETURNS - IN ALL ITS BRILLIANCE
Winter returned to the Prairie this past week, heavy in on the west, and a regular gale from the northwest last Thursday night and Friday. The snow has fallen thick and fast, and the arrival of an already late spring, even further back, and the melting of the heaviest winter snows on record. The temperature, however, has been as hot as some of the other recent years, but the weather has been much more and decidedly wet.

62 inches of snow has fallen within the last week, with four inches still on the level of snow time. Last Thursday, on last spring day, reached a high of 35 with a low point for the week being 9 above on Wednesday.

THE VERMILION STANDARD

NIGHT
TODAY

ESDAY

Three sponsoring "Career Nights" include the Department of Education, the Vernon school division and the Home and School Association. It is hoped that the program will attract a large attendance. Older school children and their parents are especially invited.

Garden Club Premiums Now Available

The Vermilion Horticultural Society has started to hand out premiums. Each member is given three dollars, three dollars a week of show.

New members are invited from either town or country. Just go into the IFA's office and pay a membership fee and pick up your premiums.

P. is recommended by Mr. Dickinson that the Dahlia bulbs be buried in moist soil or peat moss in boxes or cans inside so that growth is started. Then the bulbs with short sprouts and roots can be planted outside about the end of May. Gladiolus also bloom earlier if given a start inside.

Baseball Team To Organize

MEETING SUNDAY AT 3 P.M.
A meeting of everyone interested in baseball will be held on Sunday evening April 29th at 3:00 o'clock in the library room, town hall basement. Organization and plans for the coming season will be carried out.

**LADIES SOFTBALL CLUB
TO MEET**

There will be a meeting of the Ladies Softball Club at the Rio cafe this Friday evening April 27th at 8.30. All interested are invited to attend.

ACRES"

WORKMEN'S COMPENSATION

It is not generally known that ACRES-

on an 11 farm workers are exempt under the Workmen's Compensation Act. If payments are made regularly farm workers are guaranteed case of accidents in the same way as industrial workers. Pensions are available from this office.

Seedling or forage crops gives the best catch. Spring moisture starts the seed before dry summer weather. It may seeded early it is best to wait until the last two weeks of June. Even then a summer rain will barley or oats for good. It is best if it is most desirable to seed grass or clover seed to have dry soil - wait until a good rain comes.

VOLUNTEER GRAIN
Newcomers to farm years have I seen a good many of grain from volunteer seedling. It will pay well to kill the volunteer growth before seeding in the normal way. If too late for wheat, one can seed oats or barley.

ALLANDALE NOTES

How last winter's weather has been very unusual. April 19th brought rain and wind, which was a welcome change from the hot sun of the past few days. The weather is now very beautiful for this time of the year.

Mr. Ernie Brown and family, Cora, Lillian, and Linda, are moving to the new home on the corner of 10th and 11th streets. They are very happy to be in their new home and will be moving on the 10th of May.

The President, who proved himself a very capable leader, has been elected to the position of President for the year 1961.

Mr. and Mrs. Brown, who have been married for 25 years, are celebrating their anniversary on the 10th of May.

WEDDING BELLS

STEWART-BARNIN

A great wedding was celebrated on April 13th at 11:00 a.m. in St. James' Episcopal Church, when the daughter of Mr. and Mrs. Robert Barnin of Vermilion was united in marriage to John Stewart of Vermilion.

The bride was attended by Mrs. Grace Pross, sister of the groom, and Mr. Oliver Pross of Stoney Plain was best man.

A reception was held later in the afternoon at the bride's home where forty guests were served.

Later that evening the bride and groom went to a honeymoon to the coast of British Columbia and will return to the groom's home on May 1st.

Vermilion To Have New Library

Gets \$100,000. Donor of

Mayor R. C. Donohue of Vermilion has announced that he has received a donation of \$100,000 from the Vermilion Foundation, a new organization, for the purpose of building a new library in Vermilion.

The new library is to be built on the corner of 10th and 11th streets, and will be a two-story building. It will contain a large reading room, a study hall, and a collection of books and periodicals.

The library is to be named the "Vermilion Foundation Library" and will be open to the public. It will be a great asset to the community and will provide a place for study and research.

An Increase in Traffic

WITH THE COMING OF SPRING there is a consequent increase in traffic on the Canadian highways. The number of cars and trucks has grown rapidly in the past few years, and the volume of traffic is now better than it has been in almost 40 years of the country. In 1950 only 100 motor vehicles were registered in Canada. This figure has grown steadily since, and by 1959 it had reached 750,000. In 1960 there were 1,000,000 vehicles registered, including 1,400,000 passenger cars and 60,000 trucks. More motor vehicles are now being sold in Canada than in any other country in the world. This is due to the fact that the number of cars and trucks is now higher than the number of people in the country.

More Traffic On The Roads

The rapid increase in the number of cars and trucks has placed a heavy burden on the government and municipalities to keep pace with the demands for better roads. In 1960 the federal government spent \$100,000,000 on the construction of new roads, and the provinces and municipalities spent another \$100,000,000. This is a record for the country, and it shows that the government is taking steps to keep pace with the demands for better roads.

Traffic Number Of Accidents

As the number of cars and trucks increases, the number of accidents also increases. In 1960 there were 10,000 accidents on the Canadian highways, and the number of deaths was 1,000. This is a record for the country, and it shows that the government is taking steps to keep pace with the demands for better roads.

Give Them Room

There are a lot of people who are interested in gardening, and they want to know how to get the most out of their gardens. The first thing they should do is to give their plants enough room to grow. If they are crowded together, they will not be able to get the most out of their gardens.

HANG-ON TRANSFERS

Passengers are often disappointed for failing to board a ship in time. This is usually due to the fact that the ship is not allowed to leave until all passengers have boarded. If a passenger is late, they will not be able to board the ship.

Funny And Otherwise

Amidst the fun and games of the fair, there are many interesting and amusing stories. One of the most interesting is the story of a man who was found dead in a field. The police were called, and they found that the man had been killed by a car. The car was found nearby, and the driver was arrested.

In actual tests...

CUSTOM-MADE HAVOLINE CUT ENGINE WEAR IN HALF.

• Confusive scientific tests showed that Custom-Made Havoline reduced engine wear up to 68 to 70 percent over good heavy-duty motor oils.

• Custom-Made Havoline EXCEEDS HEAVY-DUTY REQUIREMENTS!

The High standards set by government, army and industry for heavy-duty motor oils are exceeded by Custom-Made Havoline.

These facts prove that Havoline is the best motor oil your money can buy. In tractors, trucks and cars it outperforms any other motor oil!

Havoline cleans, it lubricates, and keeps engines clean. It gives you:

• maximum power, longer life and greater fuel economy

• full protection against rust, corrosion, acids and sludge

• long-lasting, continuous service for all farm motors. Use it and protect your investment in the engine.

In ordinary or HEAVY-DUTY Service HAVOLINE IS THE ONLY MOTOR OIL YOU NEED for Tractor, Truck and Car.

IT PAYS TO FARM WITH TEXACO FARM PRODUCTS

Manufactured and distributed in Canada by McGill-Edwards Oil Company Limited.

Stores Close Wednesday

P.M. and Thursday

Thursday next week is May 24th and a national holiday so that all stores and businesses in Vermilion will be closed. The Wednesday half holiday will be observed as usual. Shoppers should take note that stores will not be closed from Wednesday noon to Friday morning.

Pro-weather again prevails with warm temperatures after heavy rain. A high wind gusting a half mile an hour on Monday. Total rainfall for April and for May to date is 2.11 inches.

Wins April Suit of the Month

Level David was the fortunate winner of the Klumma automobile for April. Remember you can win a suit if you haven't a ticket. Buy a Klumma today and make him suit you a potential winner!

Farwell Party Honors Mr. and Mrs. G. Mayhew

A number of neighbors and friends gathered at the home of Mr. E. G. Gable on Monday evening, May 14th for a spring farewell party in honor of Mr. and Mrs. G. Mayhew who are leaving town shortly.

A very enjoyable evening was spent playing games followed by a tasty lunch. A presentation of a lovely baby truss was made by Jack Hobbins on behalf of others.

We are sorry to see such good neighbors leave our midst but we wish them the best in their new home.

Derwent High School Students Present Festival Concert

Progress in Newfoundland

AT THE BEGINNING OF APRIL Newfoundland entered upon its third year as a province of Canada. The people of the island province have been steadily advancing in the field that Newfoundland was now a part of Canada and the change was generally regarded with favour. However, the union was considerably more important to the people of the island than to Canada and it is not clear that there has not been a complete agreement as to the nature of the union. After three years, however, it is clear that the union is a success and that the people are being made to develop the natural resources of the province and expanding its industry.

Affected By World Prices

Although the people of Newfoundland are not directly affected by the world prices of the commodities which they produce, the people of the island are affected by the world prices of the commodities which they consume. The people of the island are affected by the world prices of the commodities which they consume.

Has Benefited In Many Ways

The people of Newfoundland have benefited in many ways from the union with Canada. The people of the island have benefited from the union with Canada in many ways. The people of the island have benefited from the union with Canada in many ways.

To Open Peace River Country For Homesteading

EDMONTON—Land in one of the West's last frontier districts—the Peace River country of Alberta—soon will be opened for homesteading by the provincial government. About 356 quarter-sections will be offered by the lands department soon. About three-quarters of this area will be suitable for settling and about 150 quarter-sections will be reserved for school lands.

The new area begins about 20 miles and 10 miles from north to south. A government statement said that about 10 miles east of the British Columbia border, it runs about 30 miles northeast to the Peace River. It is about 10 miles wide.

The soil is mostly a clay loam of fairly heavy texture. The government says that the area is suitable for growing crops which can be grown in the Peace River country. The area is suitable for growing crops which can be grown in the Peace River country.

There are no buildings. Only rough wagon roads are available. At the mouth of the Peace River country, water supply is a problem. Except in a few places, water for livestock and drinking purposes will have to be obtained in some-made dugwells.

One of 1000 persons is expected to be in the area. In a recent test of the soil, it was found that the soil is suitable for growing crops which can be grown in the Peace River country.

Provisionally estimated that the area would be 50 per cent. The area would be 50 per cent. The area would be 50 per cent.

Michael Bellamy To Be Located In Ontario

TORONTO—Shirley Gordon Moore, 14, announced a \$25,000 prize for the first person to locate Michael Bellamy in Ontario.

The program began when Moore, a 14-year-old girl, announced that she had lost her brother, Michael Bellamy, who was 10 years old at the time.

Moore said that she had last seen her brother in the Peace River country of Alberta, at a location not yet known.

BE FREE FROM HELP PROBLEMS Mechanize with Massey-Harris Machines

Manpower is not plentiful—in fact good, experienced farm help is downright scarce even at the present high wage rates. Industry needs manpower for farm production and making of civilian goods and the armed forces are recruiting to bring their units up to strength in the new program. Yet food production must be maintained in these busy and critical times in spite of the shortage and high cost of farm help. Mechanization is helping more and more farmers to get work done when it should be done—farmers are proving easy-going, fast-working machinery to be their most dependable help. From the complete line of Massey-Harris equipment you can select machines that will help you master the help problem.

Air Cadet Flashes

The annual inspection of the Vermilion Air Cadet Squadron No. 37 will be held in the Legion on Wednesday, May 24. The inspecting party will be composed of Lt. Col. W. H. McLeod, Wing Commander, and Flight Lieutenant L. L. Lacombe, also of North-West. The inspection will be conducted at 10:30 a.m. and will consist of a review of the squadron, a tour of the squadron's quarters, and a visit to the squadron's aircraft. The inspecting party will be accompanied by a number of local dignitaries. The squadron is composed of 100 members, and is one of the best in the province. It is a proud privilege to be a member of this squadron.

Wonder Hormone 2, 4-D Highly Effective As Weed Killer

VERMILION — ALBERTA

"I'm just going to the bank, Ann"

She'll soon be back — her cheque cashed, her deposit made, her bank book written up.

Mrs. Johnson's is one of the 3,200,000 new bank accounts opened during the past ten years. Like most people nowadays, she relies on her bank to safeguard her money; she expects her bank book to show how she stands; she finds bank cheques convenient to pay larger bills.

The chartered banks appreciate — and depend on — the confidence of depositors like Mrs. Johnson. For the money which Canadians keep in 8,000,000 bank accounts provides the basis for bank lending. Safeguarding these funds is the banker's first concern.

OIL MAKES A COUNTRY STRONG

THE ROUGHNECKS ARE MOVING ON!

In the language of the oil fields, "roughnecks" are the men of the drilling crews who probe deep in the earth for oil. You'll find them in every oil field doing the hard tedious work that goes into the drilling of every well.

But roughnecks like it best when the going is toughest and most exciting, when they can search for oil where it has never been found. In Alberta the odds are against them, only one well out of 20 is likely to be successful.

Working against these odds, roughnecks' drills have tapped more than a billion barrels of oil in Alberta since 1907, bringing new prosperity and new security to all Canada. In fact Canadian men produce more oil in every three barrels they use, but we still must depend on foreign countries for the other two. To be self-sufficient we must have three times our present reserves.

The roughnecks keep moving on in the wondrous search for oil. As they succeed their benefit and strengthen the entire nation.

Farm Prices And Incomes

LIVESTOCK PRICES HAVE RISEN STEADILY in the past few years and the cost of living index has reached a record figure this spring. Farmers in general have done well, although not always in proportion to the rise in the general index. In 1950, the national income was \$114,000,000, the highest in the history of this country and eight per cent above the figure for 1949. Farmers and ranchers in the past year received \$114,000,000, the highest in the history of this country and eight per cent above the figure for 1949. Farmers and ranchers in the past year received \$114,000,000, the highest in the history of this country and eight per cent above the figure for 1949.

Slime Drop In Prices

Farmers did not share in the general rise in income and of living costs in other industries but were benefited by the Canadian economy. In the past three years (1947-1950) farmers have received \$114,000,000, the highest in the history of this country and eight per cent above the figure for 1949. A Special Kind of Softness

Keystone of Main Street

The towns of Canada are vigorous places. Early settlers built them beside great rivers, rugged mountains and rolling prairie. And each town's character and industry came from the surrounding countryside.

Helping to build the industries of many Canadian towns is your bank . . . a branch of The Commerce. The manager is a neighbor, a professional man who gives service that comes with long acquaintance.

Cashiers' words depend on each other, and upon the men and women at The Commerce. They are good people to know.

Young School Graduates!

become Commissioned Officers in the Canadian Army Active Force

Armour • Artillery • Infantry

Young men recently graduated from High School with a minimum educational standard of Junior Matriculation, may become officers in the Canadian Army Active Force.

If accepted you begin training at Camp Borden as an officer cadet to qualify as a Second Lieutenant in the Active Force. You will receive Second Lieutenant's pay while in training. This training will consist of three courses totaling a period of twenty-eight weeks. When you are granted a commission you will then serve for periods of 3, 4 or 5 years as you choose under the Short Service Commission Plan. At the end of this service you may apply for a permanent commission.

This is a chance to serve Canada at a time when defence means a most important national concern. The training and experience in leadership will be of valuable asset to any young man throughout his whole life.

TO QUALIFY YOU MUST BE:

- Single
- Physically Fit
- Between 18 and 25 years of age
- A Junior Matriculation Graduate

WHEN DID THEY OPEN UP THE WEST?

The opening up of the west didn't end when the railroads and the settlers and the homesteaders came. Now it is ended today. It is a continuing story of our country's growth and each generation's role in it.

Today it is yours to take hold of new opportunity, bringing with it new benefits and new security.

In four years' time the west has increased Canada's proven oil reserves more than fifteen fold and the production of crude is six times what it was. These advances, and the half-billion dollars the oil industry has spent on them, have not benefited the west alone. All of Canada is stronger and more prosperous.

Our people and our factories have been made better by the needs of the growing oil industry. There are new jobs and new businesses. Many millions of dollars once spent for foreign oil now stay at home—they are available for other purposes. And of course, insurance, our supply of oil is being made more certain, less dependent on sources beyond our borders.

Opening up of the west goes on, bringing closer Canada's self-sufficiency in oil, giving new strength to the nation.

Trade With Britain

THE RECENT ANNOUNCEMENT that British purchases in Canada in the past year are likely to increase by fifty per cent has not been welcomed here. The inability of Britain to buy wisely outside of the sterling area since the war has caused a deterioration of the long-standing trade relations between the two countries and the loss to Canada of a traditional and dependable market for our surplus of grain and raw materials. Britain's inability to finance the dollar shortage, which was one of the great problems of the last year, have been watched with concern by many in this country.

Welcome To British Ales

Canadians have responded in the campaign just set on foot by the British to sell British goods in Canada, and the amount of goods now being shipped to British Columbia has increased. The fact that the British are now shipping to this country, when the falling off of British shipping in Canada has caused concern and anxiety in many quarters, is a welcome sign. It is also a sign that the people of Britain have been severely restricted in the supply of many important items, and the flow of raw wheat, cornmeal and other Canadian products to their country will be as welcome to them as it is to us.
